COPTHORNE HOTEL CAMERON HIGHLANDS

Perched at 1,628 meters above sea level and surrounded by majestic mountains, tea plantations, strawberry farms and gentle undulating valleys, **Copthorne Hotel Cameron Highlands (“CHCH”)** is the only hotel situated at the highest accessible point of the highlands. The year-long cool climate makes it an ideal holiday retreat.

The 269 guest rooms and suites offer beautiful views of the highland landscapes. Equipped with an indoor heated pool, multiple meeting rooms, and a range of dining options at the peak of the highlands, CHCH offers a wide array of amenities and facilities for business and leisure alike. The hotel is famous for its capability in hosting events ranging from company incentive trips to conventions and seminars.

CHCH has launched various “Nature & Farmland Activities” which include the Copthorne Bamboo Trail, walking across the heart of the farmland of Kea Farm, and a “Farm to Table” initiative where guests can pick and harvest organic vegetables, and enjoy the fresh produce cooked by the hotel chefs. The hotel provides personal guided tours for such activities for its guests during their stay.

CHCH had also completed the renovation of its superior rooms and the upgrading of its lifts. With full-service guest rooms, all furnished with modern amenities, guests can look forward to a more comfortable stay and discover our distinctive Copthorne hospitality in Cameron Highlands.

Guests are also welcome to stay in the Tudor-styled resort located next to the hotel, where 66 suites have been leased by the hotel from the owners of the resort. Each suite comes with a living room, a kitchenette and a spacious balcony which provides a spectacular view of the valley.

These organic home grown cabbages are farmed as part of the hotel's landscape, allowing guests to enjoy fresh produce that goes straight from the garden, to the kitchen and to the dining table.

HOTEL EQUATORIAL SHANGHAI

Hotel Equatorial Shanghai is managed by a joint venture of the Group. Located in the heart of Shanghai, the hotel is at the junction of Hua Shan Road and West Yanan Road and only minutes away from the Shanghai Exhibition Centre, major tourist attractions and key intersections like East Nanjing Road, People's Square and Huaihai Road.

The 506 guest rooms and suites offer stunning city views, and has been beautifully furnished and renovated. The rooms offer glamorous and intelligent features, which ensures a comfortable and relaxing stay.

There are 15 function rooms that can be used for various social and business events, and are able to accommodate up to 800 people. The versatile function and meeting rooms offer a wide range of facilities, services and packages for every occasion.

The well-recognized Shanghai International Club Fitness Centre is situated on the 4th floor, easily accessible to all patrons. The centre offers a range of top-of-the-line fitness facilities from Life Fitness, the Fei Spa and a pool.

◆ CHAIRMAN'S STATEMENT

REVIEW OF THE GROUP'S PERFORMANCE

The COVID-19 pandemic has continued to disrupt business operations almost everywhere in the world. In Malaysia, various phases of the Movement Control Order (“MCO”) had been reinstated by the Malaysian Government since 13 January 2021 arising from the surge in COVID-19 cases. To further restrain the rising number of infections, the Malaysian Government re-imposed a nationwide MCO from 12 May 2021 onwards. This was followed by a full lockdown in June 2021 and various recovery plans were introduced by the Malaysian Government. However, interstate travel had not been permitted since 13 January 2021 until 11 October 2021. As a result, business operations in Copthorne Hotel Cameron Highlands (“CHCH”), the Group’s main hospitality business, had been adversely impacted.

The Group reported revenue of \$2.5 million in 2021, a decline of 47% compared to \$4.7 million in 2020. Besides the reinstatement of the MCO, the heavy rainfall and flooding in the East Coast of Malaysia in December 2021 had also substantially affected the Group’s revenue for 2021. Travel restrictions within Malaysia during the year under review had disrupted the operations of CHCH significantly.

Consequently, the hospitality segment reported an operating loss of \$1 million in 2021 compared to an operating profit of \$21,000 in 2020. The property development segment and investment and others segment (consisting of investment property operation and corporate overhead costs) incurred operating losses of \$0.3 million and

\$1 million respectively. Overall, the Group registered an operating loss of \$2.3 million before the share of results of joint ventures and associate, other income and finance costs in 2021 versus an operating loss of \$1.1 million a year ago.

Other income comprised mainly licence fee, interest income and subsidies from the Singapore and Malaysian Governments. Lower interest rates had resulted in a substantial drop in the interest income in 2021. The licence fee, which is charged as a percentage of Hotel Equatorial Shanghai (“HES”)’s revenue, has increased from \$136,000 in 2020 to \$230,000 in 2021 due to the increase in revenue recorded by HES.

The improvement in the performance of HES in 2021 also contributed to the increase in the Group’s share of results of joint ventures by \$58,000 to \$162,000 in 2021.

The net loss attributable to shareholders of the Company for 2021 was \$1.4 million as opposed to the profit of \$206,000 recorded for 2020.

CORPORATE SOCIAL RESPONSIBILITY (“CSR”)

The Group remains committed to invest its resources in meaningful CSR initiatives for the communities, albeit at a smaller scale as the Group faces challenges in evolving its CSR plans during these unprecedented times of the COVID-19 pandemic.

To show appreciation for the frontliners in the healthcare sector, CHCH’s staff made 200 sets of face shields for the staff at Hospital

◆ CHAIRMAN'S STATEMENT

Sultanah Hajjah Kalsom in Tanah Rata, Cameron Highlands in February 2021. CHCH also served as a COVID-19 Vaccination Administration Centre on 24 and 26 July 2021, wherein the staff from CHCH assisted in the setting up of the vaccination site and traffic management. The staff in CHCH also baked cookies in different delicious recipes and shapes which were then sold before the Hari Raya Puasa festive period. Each jar of cookies was priced at RM20 nett and for each cookie jar sold, RM2 was donated to Teduhan Kelana Perak, a night shelter for the homeless in Ipoh, Perak.

CHCH looks forward to organising more programs in support of its charitable causes as such activities would allow the hotel to engage with its guests and surrounding communities, further enhancing guests experience.

OUTLOOK

Although the Malaysian Government has resumed interstate travel, the operations in CHCH is not expected to return to normalcy any time soon. The presence of the Omicron COVID-19 variant may have a negative impact on the country's business environment which could further limit Malaysia's economic recovery. CHCH's performance is dependent on how the variant develops, as well as the preventive measures put in place by the Malaysian Government to contain it. The Malaysian Government has recently announced the reopening of its international borders to quarantine-free travel on 1 April 2022 as the country moves towards an endemic approach to COVID-19. As Malaysia begins its efforts to revitalise the tourism industry towards the second half of 2022 and with emphasis of good hygiene standards in CHCH, we hope to see a boost in CHCH's business which would benefit the Group's hospitality segment.

CHCH has embarked on a 'Nature and Farmland' concept which includes a cabbage planting project with the aim to highlight the hotel as a place where nature is appreciated. Cabbages are grown organically without the use of pesticides and are farmed as part of the hotel's landscape. These organic homegrown cabbages are then harvested for staff's consumption and for the hotel guests, allowing them to enjoy fresh produce that goes straight from the garden, to the kitchen and to the dining table. This farm to table concept is set to be a unique and memorable experience for guests.

CHCH had also completed the renovation of its superior rooms and the upgrading of its lifts. The documents for the refurbishment of the old commercial complex into additional hotel and function rooms had been submitted to the Planning Department for their review and comments. As regards the development of the 40-unit high-rise apartments, consultants are still in the process of preparing the documents for submitting to the relevant authority.

The Group's assets and operations are mainly located in Malaysia, it will continue to be exposed to currency fluctuation risks. The Group is still sourcing for sustainable and viable business opportunities to expand and will continue to exercise prudence in its review of any potential investments in the midst of economic uncertainties ahead arising from the COVID-19 pandemic.

ACKNOWLEDGEMENT

I wish to take this opportunity to welcome Mr Chew Heng Ching who joined the Board of Directors (the "Board") on 1 November 2021 as an Independent and Non-Executive Director. With Mr Chew's business, corporate management and professional experience, knowledge and expertise, I am confident that he will be able to make positive contributions to the Company. I would like to express my sincere appreciation to Ms Loo Hwee Fang who stepped down on 1 January 2022, for her invaluable contributions during her tenure as a Director of the Company.

On behalf of the Board, I would like to convey our gratitude to our stakeholders including our investors, suppliers, customers, bankers and business partners for their continuing support. I would also like to thank my fellow Directors, Management and employees of the Group for their commitment, involvement and contributions throughout the year.

CORPORATE GOVERNANCE REPORT

HL Global Enterprises Limited (“HLGE” or the “Company”) is committed to maintaining good corporate governance and business integrity in all its business activities.

The Company has complied with Rule 710 of the Listing Manual of Singapore Exchange Securities Trading Limited (“Listing Manual”) by describing in this report its corporate governance practices with specific reference to the principles and provisions in the Code of Corporate Governance (“2018 Code”). Where the Company’s practices differ from the principles under the 2018 Code, these differences and the Company’s position in respect of the same are explained in this report.

BOARD MATTERS

Principle 1: The Board’s Conduct of Affairs

Primary Functions of the Board

The Board of Directors (the “Board”) oversees the Company’s business. Its primary functions are to provide leadership, set corporate policy, provide guidance on and approve strategic objectives, and ensure that necessary financial, operational and human resources are in place for the Company to meet its objectives, review the performance of the Company and its subsidiaries (the “Group”) and Management’s performance, and satisfy itself as to the adequacy and effectiveness of the framework and processes for internal controls (including financial, operational, compliance and information technology (“IT”) controls) and risk management for the safeguarding of shareholders’ interests and the Group’s assets, and assume responsibility for good corporate governance.

Sustainability

The Board notes the importance of including sustainability issues as part of its overall review of the Company’s strategic objectives and performance. In this regard, the Board has delegated to the Audit and Risk Committee (“ARC”) the general oversight on sustainability issues and sustainability reporting. The ARC’s terms of reference set out, *inter alia*, the roles and responsibilities of the ARC and include its purview over matters relating to the environmental, social and governance (“ESG”) framework, ESG targets, the sustainability reporting framework and the Company’s policies, practices and performance on its material ESG factors which are significant and contribute to the Company’s performance, business activities and/or reputation as a corporate citizen. Further information on the Board Statement and the Company’s sustainability practices are set out in the Company’s Sustainability Report on pages 37 to 55 of this Annual Report 2021 (“AR”). The Sustainability Report addresses the social and environmental impacts that are pertinent to the Group’s business, identifying the various stakeholders which comprise the Company’s investors, suppliers, customers, bankers and business partners. It has been prepared in accordance with the internationally recognised Global Reporting Initiative (GRI) Standards.

Directors’ Objective Discharge of Duties and Declaration of Interests (Provision 1.1)

All Directors being fiduciaries, are required to objectively discharge their duties and responsibilities in the interests of the Company. This ability to exercise objectivity is one of the assessment criteria in the Nominating Committee’s (“NC”) annual evaluation of the Directors.

Directors who are in any way, directly or indirectly, interested in a transaction or proposed transaction will declare the nature of their interests in accordance with the Company’s Constitution and provisions of the Companies Act 1967 (the “Companies Act”) and in the case of any conflict of interests, abstain from deliberation and decision-making on such transactions, with abstention duly recorded within the minutes and/or the resolutions of the Board and/or the committees established by the Board.

CORPORATE GOVERNANCE REPORT

Accountability of the Board and Management (Provision 1.1)

The Board and Management are committed to conducting business with integrity and consistent with high standards of business ethics, and in compliance with all applicable laws and regulatory requirements. The Company has established a corporate policy which provides a communicable and understandable framework for staff to observe the Company's principles on honesty, integrity, responsibility and accountability at all levels of the organisation and in the conduct of the Company's business in their relationships with the Company's stakeholders, including customers, suppliers and employees. Further details of these policies are described in the segment entitled 'Corporate Values and Conduct of Business' at the end of this report.

Board Orientation and Training (Provision 1.2)

Every newly appointed Director receives a formal letter, setting out his or her general duties and obligations as a Director pursuant to the relevant legislation. The new Director will also receive an induction pack containing information and documents relating to the role and responsibilities of a director and where applicable, a member of the relevant Board Committees, the Group's businesses, the Company's Board processes, corporate governance practices, relevant company policies and procedures as well as a meeting calendar for the year with a brief of the routine agenda for each meeting of the Board and where applicable, the relevant Board Committees.

The Company also conducts an induction programme for newly appointed Directors and for existing Directors pursuant to their appointments to any of the Board Committees, which seeks to familiarise Directors with the Group's businesses, the Company's board processes, internal controls and governance practices and in the case of appointments to any of the Board Committees, the role and responsibilities of such Board Committees. The induction programme includes meetings with Management to allow the new Directors to be acquainted with Management and to facilitate their independent access to Management in future. The programme also includes briefings by the Chief Financial Officer ("CFO") on key areas of the Group's operations. The NC and the Board had on 19 February 2021 identified Mr Tee Puat Heng (Patrick), the General Manager of Copthorne Hotel Cameron Highlands, the Group's hospitality operations in Malaysia, as a key management personnel ("KMP") of the Group.

For a first time Director who has no prior experience as a director of a listed company, in addition to the induction as detailed above, he or she will be encouraged to also attend the Listed Entity Director ("LED") Programme conducted by the Singapore Institute of Directors ("SID") to acquire the relevant knowledge of what is expected of a listed company director, this being a mandatory requirement under the Listing Manual. Completion of the LED Programme, which focuses on comprehensive training of company directors on compliance, regulatory and corporate governance matters, should provide the first time Director with a broad understanding of the roles and responsibilities of a director of a listed company under the requirements of the Companies Act, the Listing Manual and the 2018 Code.

Mr Chew Heng Ching who was appointed to the Board as an Independent Non-Executive Director ("ID") on 1 November 2021, was given detailed briefings and induction on the Group's business and operations. He was also briefed by the Company Secretary on the Company's corporate governance practices, and key duties and responsibilities of a director under the relevant legislation. In addition, Mr Chew, who was also appointed a member of the ARC, NC, Remuneration Committee ("RC") and the HL Global Enterprises Share Option Scheme 2006 ("SOS") Committee ("SOSC") on 1 January 2022, was also briefed on the scope and responsibilities of these Board Committees by the chairmen of the respective Board Committees.

The Directors are also provided with updates and/or briefings from time to time by professional advisors, auditors, Management and the Company Secretaries in areas such as directors' duties and responsibilities, corporate governance practices, relevant legislation, risk management and financial reporting standards. The Directors are regularly kept informed by the Company Secretaries and Management of the availability of appropriate courses, conferences and seminars such as those run by the SID and the Directors are encouraged to attend such training at the Company's expense. The NC and the Board are kept informed of the trainings attended by the Directors during the year. As part of the NC's annual assessment of the skills set of the Board and the respective Board Committees, the NC would also recommend further training for the Directors in specific areas, if so required, to supplement the regular updates/briefings provided to the Directors from time to time.

Three in-house seminars/webinars were conducted by invited external speakers in 2021, on the following topics:

1. Geopolitical Risks
2. Sustainability Mainstreamed into the Boardroom Agenda
3. Data Ethics: How Transparency Translates into Trust

The ARC members were also provided with regular briefings from the Company's external auditors on applicable Accounting Standards updates during the year.

During the year under review, some of the external courses and seminars attended by the Directors included the following:

1. ACRA-SGX-SID Audit Committee Seminar 2021: Enterprise Resilience and Risk Management
2. Board Risk Committee Chairmen's Conversation - Customer Experience in the New Reality - What is at Risk?
3. SID Future of Corporate Governance
4. SID Looking Beyond the Pandemic – Important role of the Audit Committee
5. SID Annual Corporate Governance Roundup 2021

In addition to the training courses/programmes, Directors are also at liberty to approach Management should they require any further information or clarification concerning the Group's operations.

Board Approval (Provision 1.3)

The Board has in place an internal guide wherein certain key matters are specifically reserved for approval by the Board and this includes the setting of strategic direction or policies or financial objectives which have or may have material impact on the profitability or performance of the Group, decisions to commence, discontinue or modify significantly any business activity or to enter into or withdraw from a particular market sector, material acquisition and disposal of assets, adoption of corporate governance policies and any other matters which require Board approval as prescribed under the relevant legislation as well as the provisions of the Company's Constitution.

The Company also has in place an authorisation matrix for various matters including limits for investments, capital expenditure and operation of bank accounts.

Delegation by the Board (Provision 1.4)

The primary functions of the Board are either carried out directly by the Board or through committees established by the Board, namely, the Exco, the ARC, the NC, the RC and the SOSC, all collectively referred to hereafter as the "Board Committees".

CORPORATE GOVERNANCE REPORT

Except for the SOSC which purpose is to grant options to eligible participants to subscribe for shares in the Company pursuant to the rules of the SOS, specific written terms of reference for each of the Board Committees set out the required composition, authority and responsibilities of the Board Committees and provide each Board Committee to submit at least an annual report of its activities to the Board. All terms of reference for the Board Committees are approved by the Board and reviewed periodically to ensure their continued relevance taking into consideration the changes in the governance and regulatory environment.

The composition of each Board Committee is set out below.

Remuneration Committee	Mr Andrew Goh Kia Teck (Chairman) Mr Goh Kian Chee Mr Chew Heng Ching
HL Global Enterprises Share Option Scheme 2006 Committee	Mr Andrew Goh Kia Teck (Chairman) Mr Goh Kian Chee Mr Chew Heng Ching

The delegation of authority by the Board to the Board Committees enables the Board to achieve operational efficiency by empowering these Board Committees to decide, review and make recommendations on matters within their respective written terms of reference and/or limits of delegated authority, without abdicating the Board's overall responsibility.

The Exco comprises three Directors, one of whom is an ID. The Exco's principal responsibility as set out in its written terms of reference approved by the Board, is to assist the Board in the discharge of its duties by deliberating on matters requiring Board review that may arise between full Board meetings, and in carrying out any Board functions as delegated down and tasked by the Board from time to time. It also assists the Board in its general oversight of Management and objectively evaluates the performance of Management. It reviews and recommends to the Board, the Group's initiatives on strategic development and direction on new investments. Management is fully apprised of such matters which require the approval of the Board or the Board Committees.

Please refer to sections on Principles 4, 5, 6, 7, 9 and 10 in this report for further information on the activities of the NC, RC and ARC. Information on the activities of the SOSC can be found in the Directors' Statement on pages 56 and 57 and in the Financial Statements on pages 111 and 112 of the AR.

CORPORATE GOVERNANCE REPORT

Board and Board Committee Meetings (Provision 1.5)

Board and Board Committee meetings are held regularly. Six Board meetings were held in 2021.

Meetings of the IDs, chaired by the Lead Independent Director (“Lead ID”), are convened as often as may be warranted by circumstances. No meeting of the IDs was required to be convened in 2021.

The proposed meetings for the Board and all Board Committees, except for the meetings of the IDs, Exco and SOSC, for each new calendar year are set out in a schedule of meetings and notified to all Board members before the start of that calendar year. Additional meetings are convened as and when circumstances warrant. Records of all such meetings including discussions on key deliberations and decisions taken are maintained by the Company Secretaries. The Company’s Constitution allows for the meetings of its Board and Board Committees to be held *via* teleconferencing and/or videoconferencing. The Board and Board Committees may also make decisions by way of circulating written resolutions.

The attendance (including *via* electronic means) of the Directors at the annual general meeting (“AGM”) and at meetings of the Board and the Board Committees, as well as the frequency of such meetings in 2021, are disclosed below. Notwithstanding such disclosure, the Board is of the view that the contribution of each Director should not be focused only on his or her attendance at the AGM and at meetings of the Board and/or Board Committees. A Director’s contribution also extends beyond the confines of the formal environment of such meetings, through the sharing of views, advice, experience and through strategic networking relationships which would further the interests of the Company. The Directors also, whether individually or collectively, engage with Management to better understand the challenges faced by the Company and the inputs of the Directors, through such engagement, provide valuable perspective to the Management.

Directors’ Attendance (including *via* electronic means) at the AGM and Meetings of the Board and Board Committees in 2021 (Provision 1.5)

A.	Board	Exco	ARC	NC	RC
Number of Meetings held in 2021:	6	1	3	2	1
Name of Directors	Number of Meetings Attended in 2021				
Dato’ Gan Khai Choon	6	1	N.A.	N.A.	N.A.

Mr Hoh Weng Ming	6	1	N.A.	N.A.	N.A.
Mr Chew Heng Ching ⁽ⁱⁱⁱ⁾	1	N.A.	N.A.	N.A.	N.A.

N.A. – Not applicable

Notes:

- (i) Ms Loo Hwee Fang stepped down as an ID on 1 January 2022. She also ceased to be the Chairman of the NC, and a member of the ARC, RC and SOSC on 1 January 2022.
- (ii) Mr Goh Kian Chee was appointed as the Chairman of the NC on 1 January 2022 in place of Ms Loo Hwee Fang.
- (iii) Mr Chew Heng Ching was appointed as an ID on 1 November 2021, and a member of the ARC, NC, RC and SOSC on 1 January 2022.

B. All the Directors, except for Mr Chew Heng Ching who was only appointed on 1 November 2021, attended the Company's AGM held electronically in April 2021.

The SOSC did not convene any meeting in 2021. The Exco held one meeting in 2021, in addition to the regular informal discussions held by its members to discuss, amongst other matters, the Group's operations and potential investment opportunities.

Directors' Multiple Board Representations and Time Commitments (Provision 1.5)

When considering the nomination of Directors for re-election/election, the NC also considers the competing time commitments faced by Directors with multiple listed company board representations and/or other principal commitments. An analysis of the directorships (which includes directorships within corporate groups and executive appointments) held by the Directors is reviewed annually by the NC. Each Director is also required to confirm annually to the NC as to whether he or she has any issue with competing time commitments which may impact his or her ability to provide sufficient time and attention to his or her duties as a Director of the Company. Based on the analysis, the Directors' annual confirmation and the Directors' commitments and contributions to the Company which are also evident in their level of attendance and participation at Board and Board Committee meetings, the NC is satisfied that all Directors are able to carry out and have been adequately carrying out their duties as Directors of the Company.

The NC noted that, excluding the directorship held in the Company, the number of listed company board representations currently held by each of the Directors ranged from nil to three and those held by Dato' Gan Khai Choon and Mr Hoh Weng Ming are mainly on the boards of the related companies of the Company.

Having considered this issue, the NC does not recommend setting a maximum number of listed company board representations that a Director may hold. The Board considers an assessment of the individual Directors' participation as described above to be more effective for the Company than to prescribe a numerical limit on the number of listed company directorships that a Director may hold. It would not wish to omit from consideration suitable individuals who, despite the demands on their time, have the capacity to participate and contribute as members of the Board.

Complete, Adequate and Timely Information (Provision 1.6)

Prior to each meeting, members of the Board and the Board Committees are provided with the meeting agenda and the relevant papers submitted by Management, containing where possible and practicable, complete, adequate and timely information to enable full deliberation on the issues to be considered at the respective meetings. Management, the Company's external auditors ("EA") and professional advisors who can provide additional insight into the matters for discussion, are also invited from time to time to attend Board and Board Committees' meetings. Directors also have separate and independent access to Management.

Management provides all Directors with monthly financial reports of the Group's financial performance including analysis of the same. Any material variances between the month and year-to-date ("YTD") under review as compared to the corresponding month and the YTD of the preceding year, are disclosed and explained. Where the Board's or a Board Committee's approval is sought, relevant background and explanatory information on the specific matter is provided to enable Directors to understand the issues and to request for further disclosures, as necessary.

CORPORATE GOVERNANCE REPORT

Draft agendas for Board and Board Committee meetings are circulated to the Board Chairman and the chairmen of the Board Committees, in advance, for them to review and suggest items for the agenda. Each of the chairmen of the Exco, ARC, NC and RC provides an annual report of the respective committees' activities during the year under review to the Board. The minutes of meetings of the Board Committees are circulated to all Board members.

Access to Management, Company Secretaries and Independent Professional Advisors (Provision 1.7)
All Directors have direct and independent access to Management. To facilitate this access, all Directors are provided the contact details of the KMP and other management team members.

The Directors, whether as a group or individually, are entitled to take independent professional advice at the expense of the Company, in furtherance of their duties and in the event that circumstances warrant the same. The Company has in place internal guidelines allowing the Directors to seek independent professional advice.

The Company Secretaries, whose appointment and removal are subject to the Board's approval, attend all meetings of the Board and Board Committees and ensure that all Board procedures are followed. The Company Secretaries, together with Management, also ensure that the Company complies with all applicable statutory and regulatory rules. Together with Management, the Company Secretaries also advise the Board Chairman, the Board and the Board Committees on corporate governance matters and assist to implement the corporate governance practices and processes as directed by the Board and the Board Committees, facilitate the induction for newly appointed Directors and newly appointed Board Committee members, and assist in the continuing training and development programme for the Directors. On an on-going basis, the Directors have separate and independent access to the Company Secretaries.

Principle 2: Board Composition and Guidance

Board Independence (Provisions 2.1, 2.2 and 2.3)

The Board currently comprises five members, all of whom are NEDs. The NC has recommended and the Board has determined three of the NEDs, being more than half of the Board, to be independent (the "Three IDs"), thus providing for a strong and independent element on the Board capable of exercising objective judgment on the corporate affairs of the Company. No individual or small group of individuals dominates the Board's decision-making. No alternate Directors have been appointed in respect of any of the Directors.

When determining the independence of the Three IDs, the NC has considered the applicable Rule 210(5)(d) of the Listing Manual and the guidelines for independence set out in Provision 2.1 of the 2018 Code. As part of the consideration, the NC also took into account their other directorships, annual declaration regarding their independence, their ability to avoid any apparent conflicts of interests especially by abstaining from deliberation and decision-making on such transactions, and their ability to maintain objectivity in their conduct as Directors of the Company.

CORPORATE GOVERNANCE REPORT

The Three IDs are Mr Andrew Goh Kia Teck, Mr Goh Kian Chee and Mr Chew Heng Ching. In accordance with Rule 210(5)(d) of the Listing Manual, none of the Three IDs are currently employed or have been employed at any time during the past three financial years by the Company or any of its related corporations. None of the Three IDs have immediate family members who are currently employed or have been employed at any time during the past three financial years by the Company or any of its related corporations, and whose remuneration is determined by the RC. For purposes of determining independence, the Three IDs have also provided confirmation that they are not related to the Directors and substantial shareholders of the Company. Each of the Three IDs abstained from deliberation of their own independence. The NC is satisfied that there is no other relationship which could affect their independence. The Board concurred with the NC's determination of the independence of the Three IDs.

The Three IDs had also avoided apparent conflicts of interests especially by abstaining from deliberation on transactions in which they had a direct/indirect interest, and were able to maintain objectivity in their conduct as Directors of the Company. They have objectively raised issues and sought clarification as and when necessary from the Board, Management and the Group's external advisors on matters pertaining to their area of responsibilities whether on the Board or on the Board Committees. The Board is also not aware of any other relationship or circumstances that could interfere, or be reasonably perceived to interfere, with the exercise of each of the Three IDs' independent business judgment with a view to the best interests of the Company.

None of the Three IDs have served on the Board for more than nine years since their appointment to the Board. Ms Loo Hwee Fang having served on the Board for more than nine years, stepped down as an ID on 1 January 2022.

Of the Three IDs, Mr Andrew Goh Kia Teck and Mr Chew Heng Ching will be seeking re-election/election at the Company's AGM in April 2022. Having considered their independence, the Board therefore recommends the re-election/election of Mr Andrew Goh Kia Teck and Mr Chew Heng Ching as IDs of the Company.

Board Composition, Size and Diversity (Provision 2.4)

The NC reviews the size and composition mix of the Board and Board Committees annually. At the recommendation of the NC, the Board had in 2018 adopted a formal Board Diversity Policy, setting out its policy and framework for promoting diversity on the Board. The Board recognises that a diverse Board is an important element which will better support the Company's achievement of its strategic objectives for sustainable development by enhancing the decision-making process of the Board through the perspectives derived from the various skills, business experience, industry discipline, gender, age, ethnicity and culture, geographical background and nationalities, tenure of service and other distinguishing qualities of the Directors.

When considering gender diversity, the NC shall consider:

- (a) including a requirement to also present female candidates if external search consultants are used to search for candidates for Board appointments;
- (b) requesting for female candidates to be fielded for consideration when seeking to identify a new Director for appointment to the Board;

- (c) improving female representation on the Board over time based on the set objectives of the Board; and
- (d) appointing at least one female Director to the NC.

The final decision on selection of Directors will be based on merit against an objective criterion that complements and expands the skills and experience of the Board as a whole, and after having given due regard to the overall balance and effectiveness of a diverse Board.

When reviewing and assessing the composition of the Board and making recommendations to the Board for the appointment of Directors, the NC will consider all aspects of diversity to arrive at an optimum balanced composition of the Board.

Following the resignation of Ms Loo Hwee Fang on 1 January 2022, the Company currently does not have any female Director on its Board. The Board had, following the NC's recommendation, appointed Mr Chew Heng Ching as an ID on 1 November 2021, after taking into consideration his credentials, qualifications, skills sets and wealth of experience as a director of companies (past and present) in the various industry disciplines. The NC had recognised that Mr Chew's expertise and extensive experience, particularly in the hospitality industry, would be relevant to the Group's main hospitality operations at Copthorne Hotel Cameron Highlands, being a key priority of the Board. The Board is of the view that Mr Chew's business, corporate management and professional experience, knowledge and expertise would strengthen the core competencies of the Board and would allow for diverse and objective perspectives on the Group's business and direction.

The Board also has Directors with ages ranging from 60 to more than 70 years old, who have served on the Board for different tenures. The Board currently comprises business leaders and professionals with accounting, financial, legal and business management backgrounds. The members of the Board with their combined business, management and professional experience, knowledge and expertise, provide the core competencies to allow for diverse and objective perspectives on the Group's business and direction. Further information on the individual Directors' background, experience and skills can be found in the 'Board of Directors' section in the AR.

Having considered the scope and nature of the operations of the Group, the Board is satisfied that the current composition mix and size of the Board provide for sufficient diversity and allow for informed and constructive and effective decision-making at meetings of the Board and Board Committees. The Board will continue to review opportunities to refresh the Board with a view to expanding the skills, experience and diversity, including gender diversity, of the Board as a whole.

NEDs' Participation (Provision 2.5)

The Board comprises all NEDs who participate actively in Board meetings. They also constructively challenge and help to develop proposals on strategy and review and monitor Management's performance against budgets. To facilitate this, they are kept informed of the Group's business and performance through monthly reports from Management, and have unrestricted access to Management. They also sit on various Board Committees established by the Board to provide constructive input and the necessary review and monitoring of performance of the Group and Management. No separate meetings of the NEDs were convened as the NEDs have been expressing and putting forward their views ardently, freely and openly at all meetings of the Board and Board Committees.

CORPORATE GOVERNANCE REPORT

Principle 3: Chairman and Chief Executive Officer

Role of Chairman (Provisions 3.1 and 3.2)

The Board Chairman is Dato' Gan Khai Choon who is a NED. The Chairman bears primary responsibility for the workings of the Board, by ensuring effectiveness in all aspects of its role including promoting high standards of corporate governance, setting agenda for Board meetings with input from Management, ensuring sufficient allocation of time for thorough discussion of each agenda item, promoting an open environment within the boardroom for constructive debate, encouraging all the Directors to speak freely and contribute effectively, and exercising control over the quality, quantity and timeliness of information flow between the Board and Management. As the Board Chairman with written terms of reference approved by the Board, he also promotes and leads the Company in its commitment to achieve and maintain good corporate governance. At AGMs and other shareholder meetings, he plays a pivotal role in fostering constructive dialogue between shareholders, the Board and Management.

The Company does not have any Chief Executive Officer or Executive Director and the Exco is tasked to assist the Board in its general oversight of Management, especially in the review and recommendation to the Board on the Group's initiatives on strategic development and direction on new investments. Although named as an 'Exco', the Exco is not involved in the executive management of the Group's business and the handling of such operational matters is undertaken by Management. The Exco does not have executive responsibilities for the Company's operations, and are not responsible for the implementation of the Board's direction and decisions, which is the responsibility of Management.

Lead Independent Director (Provision 3.3)

There are internal controls in place to allow for effective oversight by the Board of the Company's business to ensure an appropriate balance of power and authority is exercisable by the Board to enable objective decision-making in the interests of the Company. In view that the Board Chairman, Dato' Gan Khai Choon is not an ID, the Board has appointed Mr Andrew Goh Kia Teck as the Lead ID on 1 March 2018 to serve as a sounding board for the Board Chairman and also as an intermediary between the Directors and the Board Chairman. The role of the Lead ID is set out under the written terms of reference of the Lead ID, which has been approved by the Board. The Lead ID is available to shareholders where they have concerns and for which contact through the normal channels of the Board Chairman or the Management has failed to resolve or is inappropriate or inadequate. A meeting of the IDs, chaired by the Lead ID may be held as often as may be warranted by circumstances. No query or request on any matter which requires the Lead ID's attention was received from the shareholders in 2021. No separate meeting of the IDs without the presence of Management was convened in 2021.

Principle 4: Board Membership

NC Composition and Role (Provisions 4.1 and 4.2)

The NC comprises three NEDs, all of whom including the chairman of the NC, are independent. The Lead ID is also a member of the NC. Please refer to the 'Corporate Directory' section on page 1 of the AR, for the composition of the NC.

The NC's responsibilities as set out in its written terms of reference approved by the Board, are to examine the Board size, review all Board and Board Committee composition and membership, succession plans for the Directors (including the Board Chairman) and the KMP, determine each Director's independence annually and as and when circumstances require, evaluate performance of the Board as a whole, its Board Committees and the individual Directors, review appointments and re-appointments of Directors (including alternate directors, if any) and the reasons for resignations and terminations of Directors and the KMP, review and confirm the induction programmes for newly appointed Directors and for existing Directors in respect of their appointments to any of the Board Committees, and review training and continuous professional development programme for the Directors. Two NC meetings were held in 2021. The Company Secretaries maintain records of all NC meetings including records of discussions on key deliberations and decisions taken.

For the financial year under review, the NC conducted a self-assessment of its own effectiveness in the discharge of its roles and responsibilities, which was facilitated through the use of a self-assessment checklist ("NC Self-Assessment Checklist"). The NC Self-Assessment Checklist covered, *inter alia*, the responsibilities of the NC under its terms of reference and considered also the contribution of NC members to the deliberation and decision-making process at NC meetings.

Based on the self-assessment, the NC believes that it has fulfilled its responsibilities and discharged its duties as set out in its terms of reference.

Succession Planning for the Board, the Board Chairman and KMP (Provision 4.1)

The Board believes in carrying out succession planning for itself, the Board Chairman and the KMP to ensure continuity of leadership. Board renewal is a continuing process and, in this regard, the NC reviews the composition of the Board and the Board Committees, which includes size and mix, annually and recommends to the Board the selection and appointment of new Directors, whether in addition to existing Board members or as replacement of retiring Board members, with a view to identifying any gaps in the Board's skills sets taking into account the Group's business operations. The Board will be able to function smoothly notwithstanding any resignation or retirement of any Director given the present number of members and mix of competencies on the Board. The NC also conducts annual review on the succession planning to ensure continuity of leadership for the KMP.

Ms Loo Hwee Fang having served on the Board since 2012, had stepped down as an ID on 1 January 2022. Consequent to her cessation as a Director of the Company, Ms Loo had also ceased to be the Chairman of the NC, and a member of the ARC, RC and SOSC. As part of the on-going Board renewal process, the Board had, at the recommendation of the NC, appointed the following Directors to succeed Ms Loo Hwee Fang in her various Board/Board Committee appointments:

- Mr Goh Kian Chee as the Chairman of the NC on 1 January 2022; and
- Mr Chew Heng Ching as an ID on 1 November 2021, and a member of the ARC, NC, RC and SOSC on 1 January 2022.

Further information on Mr Goh Kian Chee and Mr Chew Heng Ching can be found on pages 7 to 9 of this AR.

Nomination of Directors and Determination of Independence (Provisions 4.3 and 4.4)

The NC reviews annually the nomination of the relevant Directors for re-election/election as well as the independence of Directors. When considering the nomination of Directors for re-election/election, the NC takes into account their contribution to the effectiveness of the Board (which include their participation and candour at Board and Board Committees' meetings) as well as their time commitment especially for Directors who have multiple listed company board representations and/or other principal commitments, and also reviews their independence having regard to the provisions in the applicable Rule 210(5)(d) of the Listing Manual and the guidelines for independence set out in Provision 2.1 of the 2018 Code. The recommendation of the NC on the annual nomination of the Directors for re-election/election is submitted to the Board for decision and thereafter put to the shareholders for approval at the AGM.

The Constitution of the Company provides that at least one-third of the Directors for the time being, shall retire as Directors at each AGM. All new Directors appointed by the Board shall hold office until the next AGM and be eligible for election at the said AGM of the Company. Excluding the new Directors who are seeking appointment at the AGM or who will be seeking election at the first AGM immediately after their initial appointment, the remaining Directors of the Company will retire at least once in every three years.

In accordance with the Constitution of the Company,

- (a) Dato' Gan Khai Choon and Mr Andrew Goh Kia Teck will be retiring by way of rotation; and
- (b) Mr Chew Heng Ching, appointed on 1 November 2021, will also be retiring, at the 2022 AGM. The retiring Directors being eligible, have offered themselves for re-election/election.

As recommended by the NC, the Board also recommends the re-election of Dato' Gan Khai Choon as a NED and Mr Andrew Goh Kia Teck as an ID, as well as the election of Mr Chew Heng Ching as an ID. Detailed information on the Directors who are proposed to be re-elected/elected at the 2022 AGM can be found under the sections on 'Board of Directors' and 'Additional Information on Directors Seeking Re-election/Election at the 59th Annual General Meeting' of the AR.

Criteria and Process for Nomination and Selection of New Directors (Provision 4.3)

Searches for and selection of candidates to be considered for appointment as Directors are facilitated through recommendations from the Directors, Management or external parties including the Company's contacts in the related industries, finance, legal and accounting professions, and identified based on the needs of the Company and the relevant expertise required. Assistance may also be obtained from SID and professional executive search firms engaged to source for suitable candidates for the NC's consideration. Shortlisted candidates would be required to furnish their curriculum vitae containing information on their academic/professional qualification, work experience, employment history and experience (if any) as directors of listed companies.

The NC meets with the proposed candidates to assess their suitability before formally considering and recommending them for appointment to the Board and where applicable, to the Board Committees.

In reviewing and recommending to the Board any new Director appointments, the NC considers:

- (a) the candidate's age, gender, track record, experience and capabilities or such other factors as may be determined by the NC to be relevant and which would contribute to the Board's collective skills and diversity;
- (b) any competing time commitments if the candidate has multiple listed company board representations and/or other principal commitments;
- (c) the candidate's independence, in the case of the appointment of an ID; and
- (d) the composition requirements for the Board and Board Committees after matching the candidate's skills set to the requirement of the relevant Board Committees (if the candidate is proposed to be appointed to any of the Board Committees).

Key Information on Directors (Provision 4.5)

Please refer to the 'Board of Directors' section in the AR for key information on the Directors including their date of first appointment and latest re-election to the Board, their academic/professional qualifications, directorships held in listed companies and principal commitments for both current and in the preceding three years and other relevant information; 'Notice of Annual General Meeting' and the 'Additional Information on Directors Seeking Re-election/Election at the 59th Annual General Meeting' for information on Directors proposed for re-election/election at the 2022 AGM.

Board Development (Provision 4.5)

The NC reviews the training and development of the Directors to ensure that Directors receive appropriate development on a continuing basis, to perform their roles on the Board and where applicable, the Board Committees. The Directors are provided with updates and/or briefings to assist them to properly discharge their duties. Further training for the Directors in specific areas are also being recommended by the NC, where required, based on the NC's review of the annual evaluation checklists from the Board and the Board Committees. The briefings are conducted either internally with invited speakers, or externally, at the Company's expense. A separate programme is established for new Directors, details of which as well as the internal briefing and updates provided for the Directors in 2021 are set out in the paragraph above under the subject heading 'Board Orientation and Training (Provision 1.2)'.

The Board is kept apprised twice yearly on a list of training programmes attended by the Directors during the year.

Principle 5: Board Performance

Board Evaluation Process (Provision 5.1)

The Company has in place a formal process for assessment of the effectiveness of the Board as a whole, the various Board Committees and the contribution by each Director to the effectiveness of the Board and the Board Committees, where applicable. No external facilitator has been used. The NC assesses the Board's performance as a whole annually using criteria which were recommended by the NC and approved by the Board. When assessing the overall Board performance, the NC takes into consideration the Board composition, the Directors' independence, the feedback from individual Directors on areas relating to the Board's strategy and performance, The Board's process and governance (including risk management and internal controls) and the effectiveness of the Board Chairman. The results of the overall evaluation of the Board by the NC including its recommendation, if any, for improvements are presented to the Board.

The NC also undertook an evaluation of performance of the Board Committees, specifically the NC, the RC and the ARC with the assistance of self-assessment checklists completed by these Board Committees, as well as a report provided by the Exco.

The annual evaluation process for the Board Chairman and the individual Director's performance comprises two parts: (a) the background information concerning the Director including his or her attendance records at Board and Board Committee meetings; and (b) the NC's evaluation based on certain assessment parameters. The assessment parameters were recommended by the NC and approved by the Board.

When deliberating on the performance of a particular Director who is also a member of the NC, that member abstains from the discussions in order to avoid any conflict of interests. The results of the individual evaluation of each of the Directors are also used by the NC, in its consultation with the Board Chairman, to review, where appropriate, the composition of the Board and Board Committees, and to support its proposals, if any, for appointment of new members and its recommendations for the re-election/election of retiring Directors. Comments from the Directors, if any, concerning the Board as a whole and the general performance of the Directors, are also presented to the Board.

Board Evaluation Criteria (Provision 5.2)

The qualitative criteria used by the NC to evaluate the Board covers six main areas relating to Board composition, Board independence, the Board's review of the Company's strategy and performance, the Board's oversight of the Company's governance including risk management and internal controls, and the effectiveness of the Board Chairman and Board processes.

The quantitative criteria used to evaluate the overall Board performance comprises the Company's financial performance for the year under review as compared against the historical performance and budgeted forecasts of the previous year.

Individual Director Evaluation Criteria (Provision 5.2)

Factors taken into account in the assessment of a Director's performance include his or her abilities and competencies, his or her objectivity and the level of participation at Board and, where applicable, Board Committee meetings including his or her contribution to Board processes and the business strategies and performance of the Company. The performance evaluation of each Director is taken into account in the NC's consideration with regard to his or her re-appointment as a Director.

REMUNERATION MATTERS

Principle 6: Procedures for Developing Remuneration Policies

RC Composition and Role (Provisions 6.1, 6.2, 6.3 and 6.4)

The RC comprises three NEDs, all of whom including the chairman of the RC, are independent. All the members of the RC also sit on the SOSC and the chairman of the RC is also the chairman of the SOSC. The RC's principal responsibilities as set out in its written terms of reference approved by the Board are to review and recommend, for the endorsement of the Board, a framework of remuneration and the specific remuneration packages for each Board member and the KMP.

The Company has in place a remuneration framework (which covers all aspects of remuneration) for the Directors and the KMP. The Company has identified its CFO as the Company's KMP for the financial year ended 31 December ("FY") 2021. The NC and the Board had on 19 February 2021 identified Mr Tee Puat Heng (Patrick), the General Manager of Copthorne Hotel Cameron Highlands, as a KMP of the Group. On an annual basis, the RC reviews and approves the specific remuneration packages for the Directors and the KMP including annual increments and year-end bonuses to be granted to the KMP. The KMP's contracts of service which have been reviewed by the RC do not contain any unfair or unreasonable termination clauses.

The RC has access to appropriate advice from the CFO who assists to provide human resources support to the Group. No remuneration consultants from outside the Company were appointed.

One RC meeting was convened in 2021. The Company Secretaries maintain records of all RC meetings including records of discussions on key deliberations and decisions taken.

For the financial year under review, the RC conducted a self-assessment of its own effectiveness in the discharge of its roles and responsibilities, which was facilitated through the use of a self-assessment checklist ("RC Self-Assessment Checklist"). The RC Self-Assessment Checklist covered, *inter alia*, the responsibilities of the RC under its terms of reference and considered the contribution of RC members to the deliberation and decision-making process at RC meetings.

Based on the self-assessment, the RC believes that it has fulfilled its responsibilities and discharged its duties as set out in its terms of reference.

Principle 7: Level and Mix of Remuneration

Remuneration of Directors and KMP (Provisions 7.1, 7.2 and 7.3)

The Company currently does not have any Chief Executive Officer or Executive Director.

When reviewing the structure and level of Directors' fees, which comprise base Director's fee and additional fees for services rendered under the various Board Committees, the RC takes into consideration the Directors' respective roles and responsibilities in the Board and Board Committees, the contributions and time spent by the Directors in discharging their Board and Board Committees' duties and responsibilities, as well as the changes in the business, corporate governance practices and regulatory rules. The RC is mindful that the remuneration for IDs should not be excessive in order not to compromise or reasonably be perceived to compromise their independence. No Director is involved in deciding his or her own remuneration.

Each of the Directors receives a base Director's fee, with the Chairman of the Board receiving an additional fee for serving as Board Chairman. Directors who serve on the ARC, NC and RC also receive additional fees in respect of each of these Board Committees that they serve on, with the chairmen of these Board Committees receiving a higher fee in respect of their service as chairman of these Board Committees. The structure of fees payable to Directors of the Company for FY 2021 is set out on page 25.

CORPORATE GOVERNANCE REPORT

Lead Independent Director	Nil

The Company advocates a performance-based remuneration framework that is flexible and responsive to the market and the performance of the Company and individual employees. In designing the compensation structure, the Company seeks to ensure that the level and mix of remuneration is competitive, relevant and appropriate finding a balance between the current and longer term objectives of the Company.

Based on the remuneration framework, the remuneration packages for the KMP comprise a fixed component (in the form of a base salary and fixed allowances) and a variable component (comprising short-term incentives in the form of a year-end bonus). In determining the fixed and variable component for the KMP, the RC considers the KMP's individual performance and the level of remuneration based on the Company's remuneration policy which gives due regard to the economic climate, market conditions and financial position of the Company. The Company exercises its discretion and independent judgment in ensuring that the amount and mix of compensation are aligned with the interests of shareholders and promote the long-term success of the Company. The overall level of remuneration is not considered to be at a level which is likely to promote behavior contrary to the Company's risk profile.

Principle 8: Disclosure of Remuneration

Disclosure of Remuneration (Provisions 8.1(a) and 8.3)

The compensation packages for the employees including the KMP comprise a fixed component (in the form of a base salary and fixed allowances) and a variable component (comprising short-term incentives in the form of a year-end bonus), taking into account amongst other factors, the individual's performance, the economic climate, market conditions and financial position of the Company.

There were no termination, retirement or post-employment benefits granted to any Director or KMP in 2021.

CORPORATE GOVERNANCE REPORT

Directors' Remuneration for FY 2021 (Provision 8.1(a))

All the Directors of the Company are NEDs. Details of the Board and Board Committee fees for FY 2021 (rounded off to the nearest thousand dollars) are set out below:

Directors	Board/Board Committee Fees ^(a) \$
1. Dato' Gan Khai Choon	30,000
2. Ms Loo Hwee Fang ^(b)	43,000
3. Mr Andrew Goh Kia Teck	63,000
4. Mr Goh Kian Chee ^(c)	41,000
5. Mr Hoh Weng Ming	15,000
6. Mr Chew Heng Ching ^(d)	3,000

Notes:

- (a) These fees comprise Board and Board Committee fees for FY 2021, which are subject to approval by shareholders as a lump sum at the 2022 AGM.
- (b) Ms Loo Hwee Fang stepped down as an ID on 1 January 2022. She also ceased to be the Chairman of the NC, and a member of the ARC, RC and SOSC on 1 January 2022.
- (c) Mr Goh Kian Chee was appointed as the Chairman of the NC on 1 January 2022 in place of Ms Loo Hwee Fang.
- (d) Mr Chew Heng Ching was appointed as an ID on 1 November 2021, and a member of the ARC, NC, RC and SOSC on 1 January 2022. The Board fee payable to Mr Chew is pro-rated for FY 2021.

None of the Directors receive any other remuneration in FY 2021 other than the Board and Board Committee fees.

Remuneration of KMP (not being a Director or Chief Executive Officer) for FY 2021 (Provisions 8.1(b) and 8.3)

The Company does not have a Chief Executive Officer. For FY 2021, the Group identified Ms Foo Yang Hym, the CFO and Mr Tee Puat Heng (Patrick), the General Manager of Copthorne Hotel Cameron Highlands, the Group's hospitality operations in Malaysia, as its KMP.

The KMP's remuneration for FY 2021 in bands of \$250,000 is set out below.

	Base Salary ¹ %	Bonuses/ Allowances ¹ %	Other Benefits %	Total %
\$250,000 and below				
KMP				
1. Ms Foo Yang Hym	97	–	3	100
2. Mr Tee Puat Heng (Patrick)	99	–	1	100

Notes:

1. The salary and bonuses/allowances are inclusive of employer's contribution to defined contribution plans.

CORPORATE GOVERNANCE REPORT

Due to the highly competitive human resource environment, the Board does not believe it is in the interest of the Company to disclose the aggregate remuneration paid to its KMP.

Remuneration of Director's or Substantial Shareholder's Immediate Family Members for FY 2021 (Provision 8.2)

There were no employees of the Company who were substantial shareholders of the Company or immediate family members of a Director or a substantial shareholder of the Company, and whose remuneration exceeds \$100,000 during the year.

Share Option Scheme (Provision 8.3)

The Company has established the SOS in 2006 but no options had been granted since the commencement of the said scheme which details can be found on pages 56 and 57 of this AR. In view of pending opportunities to grow the Group's earning base which remains a priority of the Board, the RC does not think it is appropriate at this juncture to consider the grant of options under the SOS.

For the same reason, the RC also does not think that it is currently appropriate to adopt the use of a claw-back mechanism in the variable components of the remuneration of the KMP for exceptional circumstances of misstatement of financial results or of misconduct resulting in financial loss or other losses to the Company.

ACCOUNTABILITY AND AUDIT

Principle 9: Risk Management and Internal Controls

The Directors recognise that they have overall responsibility to ensure proper financial reporting for the Group and effectiveness of the Group's system of internal controls including financial, operational, compliance and IT controls, and risk management policies and systems.

Having regard to the risks to which the business is exposed, the likelihood of such risks occurring and the risk tolerance accepted by the Group, the Company's internal controls structure has been designed and put in place by Management to provide reasonable assurance against material financial misstatements or loss, for the safeguarding of assets, for the maintenance of proper accounting records, on the reliability, relevance and integrity of the information (including financial information) used within the business and for publication, and in compliance with applicable laws and regulations. However, no internal controls system can provide absolute assurance in view of inherent limitations of any internal controls system against the occurrence of human and system errors, poor judgment in decision-making, losses, fraud or other irregularities.

The internal controls structure which is established includes:

- a risk management framework for the identification, assessment and monitoring of the Group's key risks;
- policies and procedures and approved authorisation matrix in place, which are reviewed from time to time, that govern and allow from time to time the monitoring of financial and operational controls;
- a programme of external and internal audits; and

- a whistle-blowing programme, whereby officers and employees of the Group and other persons can raise in confidence, whether anonymously or otherwise, concerns on possible improprieties relating to accounting, financial reporting, internal controls and auditing matters without fear of reprisals in any form, and the provision of internal arrangements for the investigation of matters raised thereunder.

Oversight of Risk Management (Provision 9.1)

An organisational risk management framework has been established by Management to formalise and document the internal processes, many of which are already currently in place, to enable significant business risks within the Group to be identified, assessed, monitored, managed and evaluated. The Company recognises that risk management process is an on-going process and will thus continuously ensure that the Company's current risk management system and processes are in line with industry practices.

To assist the Board in its risk management oversight, the ARC reviews the Group's risk management processes and practices. Regular updates on the Group's risk management during the year under review were provided to the ARC by Management.

Assurances from the KMP (Provision 9.2)

In relation to Provision 9.2 of the 2018 Code and Rule 1207(10) of the Listing Manual, the ARC and the Board received written assurance from the CFO and the General Manager of Copthorne Hotel Cameron Highlands, being the KMP:

- (a) that the Group's financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and
- (b) that the system of internal controls and risk management systems in place were adequate and effective to address in all material aspects the financial, operational, compliance and IT risks in the context of the current scope of the Group's business operations.

The ARC reviewed the adequacy and effectiveness of the Group's material internal controls that address the Group's financial, operational, compliance and IT controls, and risk management systems, with the assistance of the internal auditors, EA and Management, who provide regular updates to the ARC.

Based on the work performed by the internal auditors during the financial year, as well as observations shared by the EA, Ernst & Young LLP ("EY"), during the course of their audit, and the written assurance from the KMP, the Board, with the concurrence of the ARC, is of the opinion that the system of internal controls and risk management system in place as at 31 December 2021 are adequate and effective to address in all material aspects, the financial, operational, compliance and IT risks within the current scope of the Group's business operations.

Principle 10: Audit Committee

Composition of ARC (Provisions 10.2 and 10.3)

The ARC comprises three NEDs, all of whom including the chairman of the ARC, are independent. Two members including the ARC Chairman, namely Mr Andrew Goh Kia Teck and Mr Goh Kian Chee, possess the relevant accounting or related financial management expertise and experience, whilst the remaining member, Mr Chew Heng Ching possesses business and corporate management background.

Based on the terms of reference of the ARC, a former partner or director of the Company's existing auditing firm or auditing corporation should not act as a member of the ARC: (a) within a period of two years commencing on the date of his or her ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case (b) for as long as he or she has any financial interest in the auditing firm or auditing corporation. None of the members of the ARC were former partners or directors of or have any financial interest in the Company's existing audit firm.

With the current composition, the ARC believes that it has the relevant accounting or related financial management and risk management expertise and experience to discharge its functions within its written terms of reference which has been approved by the Board.

Powers and Duties of the ARC (Provisions 10.1 and 10.5)

The ARC is authorised by the Board to investigate any matters it deems appropriate within its terms of reference and has direct and unrestricted access to the EA, the internal auditors and Management. It may invite any Director, Management, any officer or employee of the Group, the EA and internal auditors to attend its meetings. It is also authorised to engage any firm of accountants, lawyers or other professionals as it sees fit to provide independent counsel and advice to assist in the review or investigation on such matters within its terms of reference as it deems appropriate, at the Company's expense.

The principal responsibility of the ARC is to assist the Board in maintaining a high standard of corporate governance, particularly by providing an independent review of the effectiveness of the Group's financial reporting process and material internal controls, including financial, operational, compliance, IT and risk management controls. Other duties within its written terms of reference include:

- to review significant financial reporting issues and judgments so as to ensure the integrity of the Group's financial statements, and of announcements relating to the Group's financial performance and recommend changes, if any, to the Board;
- to review the adequacy and effectiveness of the Group's internal controls including financial, operational, compliance and IT controls and report to the Board;
- review the assurance provided by the CFO, in the absence of a Chief Executive Officer, that the financial records have been properly maintained, and that the financial statements give a true and fair view of the Company's and the Group's operations and financial position;
- to review the adequacy, effectiveness, independence, scope and results of the internal audit ("IA") function;
- to review annually the adequacy, effectiveness, scope and results of the EA's audit and the independence and objectivity of the EA, and make recommendations to the Board on the proposal to the Company's shareholders on the appointment, re-appointment and removal of the EA, and to approve the remuneration and terms of engagement of the EA;
- to provide oversight of the Group's risk management matters, in relation to the adequacy and effectiveness of the established risk management framework;

CORPORATE GOVERNANCE REPORT

- to review interested person transactions to ensure that they are entered on normal commercial terms and are not prejudicial to the interests of the Company or its minority shareholders;
- to oversee the establishment and operation of the whistle-blowing process in the Group; and
- to provide oversight on the Group's compliance relating to sustainability governance and reporting issues.

ARC's Commentary on Significant Financial Reporting Matter

In the review of the financial statements for FY 2021, the ARC had discussed with both the Management and the EA the accounting principles that were applied and their judgment of items that might affect the integrity of the financial statements. The following significant matter impacting the financial statements was discussed with Management and the EA, and have been included as a key audit matter in EY's audit report set out in this AR:

Significant Matter	How the ARC reviewed the matter and what decisions were made
Recoverable Amount of Development Property	Management engaged an external independent professional valuer (the "Valuer") to perform a valuation of the estimated market value of the development property at Melaka, Malaysia (the "Estimated Market Value"). In evaluating the Estimated Market Value, the ARC reviewed the valuation method and key assumptions used by the Valuer and also took into consideration the market conditions arising from the COVID-19 pandemic. The ARC also compared the Estimated Market Value with the carrying amount recorded in the accounts. The ARC received the report from the EA, who was assisted by their internal valuation specialist. This report presented, amongst other matters, EA's assessment of the Estimated Market Value. The ARC, having reviewed and considered the reports from the Valuer and the EA, was satisfied with the approach on the estimation of net realisable value for the said property as adopted and disclosed in the financial statements.

The ARC held three meetings during the year and carried out its duties as set out within its terms of reference. The Company Secretaries maintain records of all ARC meetings including records of discussions on key deliberations and decisions taken. The ARC meets with the internal auditors and EA, each separately without the presence of Management, annually.

The ARC members continually keep themselves abreast of changes to accounting standards and issues which have a direct impact on financial statements.

For the financial year under review, the ARC conducted a self-assessment of its own effectiveness in the discharge of its roles and responsibilities. The assessment was facilitated through the use of a self-assessment checklist ("ARC Self-Assessment Checklist").

The ARC Self-Assessment Checklist covered, *inter alia*, the responsibilities of the ARC under its terms of reference, and also considered the contribution of ARC members to the ARC's deliberation and decision-making process.

CORPORATE GOVERNANCE REPORT

Based on the self-assessment, the ARC is of the view that it has fulfilled its responsibilities and discharged its duties as set out in its terms of reference.

External Auditors (Provisions 10.1(d) and 10.1(e))

Taking cognizance that the EA should be free from any business or other relationships with the Group that could materially interfere with their ability to act with integrity and objectivity, the ARC undertook a review of the independence of EY and gave careful consideration to the Group's relationships with them during 2021.

In determining the independence of EY, the ARC reviewed the Group's relationships with EY and considered and approved the nature of the provision of the non-audit services provided by the firm during the year. As there were no non-audit services rendered by EY for FY 2021, the ARC is satisfied that EY is, and is perceived to be, independent for the purpose of the Group's statutory financial audit. Please refer to note 21 of the Notes to the Financial Statements on page 116 of this AR for details of the fees paid and/or payable by the Group to EY in respect of the audit services for FY 2021.

In reviewing the nomination of EY for re-appointment as the Company's EA for the financial year ending 31 December 2022, the ARC had considered the adequacy of the resources and experience of EY. Consideration was also given to the audit engagement partner assigned to the audit, EY's other audit engagements, the size and complexity of the audit exercise for the Group, and the number and experience of the supervisory and professional staff assigned to the Group's audit.

EY has confirmed that they are registered with the Accounting and Corporate Regulatory Authority. The Company is thus in compliance with Rule 712 and Rule 715 (read with Rule 716) of the Listing Manual in relation to the appointment of the Group's auditors.

On the basis of the above, the ARC has recommended to the Board the nomination of EY for re-appointment as EA at the 2022 AGM.

Disclosure of Interested Person Transactions (Rule 907 of the Listing Manual)

The Company ensures that interested person transactions are undertaken on an arm's length basis, on normal commercial terms consistent with the Group's usual business practices and policies, and are not prejudicial to the interests of the Company and its minority shareholders and on terms which are generally no more favourable to the interested persons, as defined in Chapter 9 of the Listing Manual, than those extended to or received from unrelated third parties under similar circumstances.

For FY 2021, there were no interested person transactions which require disclosure in this AR under Rule 907 of the Listing Manual. The Company has not sought any shareholders' mandate for interested person transactions pursuant to Rule 920 of the Listing Manual.

Whistle-blowing Policy (Provision 10.1(f))

HLGE has in place a whistle-blowing policy where officers and employees of the Group and other persons can raise in confidence, whether anonymously or otherwise, concerns on possible improprieties relating to accounting, financial reporting, internal controls, auditing matters and other malpractices and misconduct without fear of reprisals in any form. The ARC has the responsibility of overseeing this policy. Under these procedures, arrangements are in place for independent investigation by the ARC chairman or using internal and/or external resources, of such matters raised in good faith (where appropriate) and for appropriate follow up action to be taken.

CORPORATE GOVERNANCE REPORT

In order to facilitate and encourage the reporting of such matters, the whistle-blowing policy, together with the dedicated whistle-blowing communication channels (email and postal address as well as telephone contact numbers) are available on the Company's website and is easily accessible by all employees of the Group and other persons. The ARC monitors the whistle-blowing complaints received and ensures appropriate follow up actions are taken.

The Company is committed to ensure the identity of the whistle-blower is kept confidential and protect the whistle-blower from any detrimental or unfair treatment.

The whistle-blowing policy is reviewed by the ARC from time to time to ensure that it remains current. For more information on the said policy, please refer to the Company's website at www.hlge.com.sg.

Internal Audit (Provisions 10.4 and 10.5)

The primary role of the IA function is to assist the Board to evaluate the reliability, adequacy and effectiveness of the internal controls and risk management processes of the Group's hospitality operations, ensuring that the internal controls of such operations result in prompt and proper recording of transactions and safeguarding of assets. The IA function for FY 2021 in respect of the Group's hospitality operations in Malaysia, namely Copthorne Hotel Cameron Highlands was outsourced to Crowe Governance Sdn Bhd ("Crowe Governance").

The ARC reviews the IA plan to ensure that it incorporates the high priority risk areas identified in the risk management framework of the Company in relation to the Group's hospitality operations. IA reports are extended to the ARC and the CFO. Processes are in place such that material control weaknesses raised in the IA reports are dealt with in a timely manner, with outstanding exceptions or recommendations being closely monitored and reported back to the ARC on a periodic basis.

The ARC reviews the effectiveness and adequacy of the IA function through a review of the IA activities on a periodic basis. In reviewing the services of Crowe Governance, the ARC had reviewed the adequacy of the resources and the qualifications and experience of the professional staff assigned to the IA work for Copthorne Hotel Cameron Highlands. In FY 2021, the IA work was headed by Mr Amos Law Chih Chien, the Executive Director, Risk Advisory of Crowe Governance. Mr Law is a Certified Internal Auditor and Chartered Member of the Institute of Internal Auditors Malaysia and holds a Certification in Risk Management Assurance. He has many years of internal audit, information technology audit, risk management and corporate governance advisory experience that spans across various industries including, *inter alia*, hospitality and hotels. For the IA services provided to the Group, Mr Law was supported by two personnel from Crowe Governance, both of whom have the internal audit experience and qualifications. None of the personnel from Crowe Governance has any relationship or conflict of interest that could impair their objectivity and independence in conducting their internal audit function. Crowe Governance is part of Crowe Malaysia, the fifth largest accounting and consulting firm in Malaysia and is a corporate member of the Malaysian Institute of Internal Auditors. Crowe Governance has also confirmed that the provision of IA services was performed in accordance with the Standards for the Professional Practice of Internal Auditing issued by The Institute of Internal Auditors. The ARC also reviews the internal auditors' fees and their ability to deliver the IA services objectively and according to the IA plan approved by the ARC. The internal auditors have unfettered access to the ARC, the Board and Management. The ARC meets the internal auditors at least once annually without the presence of Management and the Company Secretaries.

For the financial year under review, the ARC is satisfied with the quality and effectiveness of the IA function performed by Crowe Governance and that the IA function is independent and is adequately resourced.

SHAREHOLDER RIGHTS AND ENGAGEMENT

Principle 11: Shareholder Rights and Conduct of General Meetings

Being committed to good corporate practices, the Company treats all shareholders fairly and equitably. To facilitate the exercise of shareholders' rights, the Company ensures that all material information relating to the Company and its financial performance is disclosed in an accurate and timely manner *via* SGXNET.

General Meetings (Provisions 11.1, 11.2 and 11.3)

Except for the 2020 and 2021 AGM due to the COVID-19 pandemic, all shareholders are entitled to attend and vote at general meetings in person or by proxy. The rules, including the voting procedures, are set out in the notice of general meetings. Shareholders who are not relevant intermediaries may appoint one or two proxies each to attend, speak and vote at general meetings in their absence, and shareholders who are relevant intermediaries may appoint more than two proxies to attend, speak and vote at general meetings. Proxy forms must be deposited at such place or places specified in the notice or document accompanying the notice convening the general meetings at least forty-eight (48) hours before the time set for the general meetings.

The Company provides for separate resolutions at general meetings on each substantial issue, including treating the re-election/election of each Director as a separate subject matter. Detailed information on each item in the AGM agenda is provided in the explanatory notes to the notice of AGM.

At general meetings of the Company, shareholders are given the opportunity to communicate their views and encouraged to ask the Directors and Management questions regarding matters concerning the Group.

2021 and 2022 AGM

In view of the COVID-19 situation, the 2021 AGM was convened and held by electronic means on 29 April 2021 pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (the "Order"). Alternative arrangements relating to attendance at the AGM *via* electronic means (including arrangements by which the meeting can be electronically accessed *via* 'live' audio-visual webcast or 'live' audio-only stream), submission of questions to the Chairman of the Meeting in advance of the AGM, addressing of substantial and relevant questions prior to the AGM and voting by appointing the Chairman of the Meeting as proxy at the AGM, were put in place for the 2021 AGM.

All the Directors, except for Mr Chew Heng Ching who was appointed in 1 November 2021, and the EA attended the 2021 AGM which was held *via* electronic means and will endeavour to attend the 2022 AGM.

In view of the on-going COVID-19 situation, the Company will be convening the 2022 AGM *via* electronic means. Alternative arrangements similar to the 2021 AGM have been put in place to allow shareholders to participate at the 2022 AGM. Details of the steps for pre-registration, submission of questions and voting at the 2022 AGM will be set out in a separate announcement to be released on SGXNET together with the Notice of AGM. In view of the constantly evolving COVID-19 situation in Singapore, the Company may be required to change its arrangements for the 2022 AGM at short notice. Shareholders should check the Company's corporate website or the SGX website for the latest updates on the status of the 2022 AGM.

Voting at General Meetings (Provision 11.4)

Shareholders are given the opportunity to vote at general meetings. However, as the authentication of shareholder identity information and other related integrity issues remain a concern, the Company has decided, for the time being, not to implement voting in absentia by mail or electronic means.

Pursuant to Rule 730A(2) of the Listing Manual, all resolutions proposed at the general meetings and at any adjournment thereof shall be put to the vote by way of poll. In support of greater transparency, the Company had been conducting poll voting since its 2016 AGM up to the 2019 AGM. With poll voting, shareholders present in person or represented by proxy at the AGM will be entitled to vote on a 'one-share, one-vote' basis. The voting results of all votes cast in respect of each resolution will also be announced at the AGM and *via* SGXNET after the AGM. Voting procedures for the poll voting will be explained at the AGM and an external firm which is independent of the firm appointed to undertake the poll voting process, will be appointed as scrutineers for the AGM voting process.

For the 2021 AGM which was held by electronic means, shareholders were able to appoint the Chairman of the Meeting as proxy to attend, speak and vote on their behalf at the AGM. Proxy forms submitted by shareholders were independently verified by the independent scrutineers. Results of the valid votes submitted, showing the number of votes cast for and against each resolution and the respective percentages, were announced by the Chairman at the AGM and thereafter, *via* SGXNET.

Minutes of General Meetings (Provision 11.5)

The Company also maintains minutes of its general meetings, which includes the key comments and queries raised by shareholders and the responses from the Board, Management and/or the EA. The minutes of the general meetings are available on the Company's website, and the Company will also furnish the minutes of the general meetings to any shareholder upon request.

Dividend Policy (Provision 11.6)

The Company has in a place a dividend policy wherein the Group remains committed in its focus to strengthen its core capabilities and to explore growth opportunities with prudent management and a long-term view towards sustainability. Before proposing any dividends, the Board will consider a range of factors, including the Group's results of operations, long-term and short-term capital requirements, current balance sheet, future investment plans and general business conditions and other macro environment factors.

Principle 12: Engagement with Shareholders

The Board provides shareholders with periodic financial results in accordance with the timelines prescribed in the Listing Manual. Following the amendments to Rule 705(2) of the Listing Manual of SGX-ST, which took effect on 7 February 2020, the Company's results for the first half year ("1H") are released to shareholders within 45 days of the end of 1H whilst the annual results are released within 60 days from the financial year end. In presenting the Group's financial results, the Board aims to provide shareholders with a balanced and understandable assessment of the Group's performance and financial position with a commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which it operates.

For the financial year under review, the CFO and the General Manager of Copthorne Hotel Cameron Highlands provided assurance to the ARC and the Board on the integrity of the 1H unaudited financial statements of the Group. The Board, in turn, provided a negative assurance confirmation to shareholders in respect of the Company's unaudited financial statements for the 1H 2021 in accordance with the regulatory requirements.

The Company ensures that shareholders are notified of all material information in an accurate and timely manner. Should there be an inadvertent disclosure made to a select group, the Company will release the same information promptly *via* SGXNET. The Company's financial results are announced within the mandatory period. All shareholders of the Company receive the annual report of the Company and the notice of AGM. In 2021, the Annual Report 2020, Notice of the 2021 AGM and the requisite Proxy Form were made available to shareholders solely by electronic means *via* the Company's corporate website and on the SGX website.

Shareholder Communication (Provision 12.1)

Shareholders and investors can contact the Company or access information on the Company at its website at www.hlge.com.sg which provides, *inter alia*, information on the Board, the Company's Annual Reports, corporate announcements and financial results as released by the Company on SGXNET, matters relating to the Company's AGM and minutes of general meetings, and other information which may be relevant to investors.

Shareholders are also encouraged to attend the Company's general meetings. The Board Chairman and the chairmen of the respective Board Committees will also attend such meetings.

Investor Relations Policy (Provisions 12.2 and 12.3)

The Company aims to build investor confidence and trust through effective open, two-way communication with shareholders and the investment community. The Company has adopted an Investor Relations ("IR") Policy and is available on the Company's corporate website (www.hlge.com.sg). The IR Policy sets out the process and mechanism to engage with its stakeholders, including the channel of communication through which shareholders and investors may pose queries and through which the Company may respond. The IR Policy outlines the principles and framework in which the Company communicates and engages with investors and other IR stakeholders to provide balanced, clear and pertinent information.

MANAGING STAKEHOLDER RELATIONSHIPS

Principle 13: Engagement with Stakeholders

The Company has arrangements in place to and has identified its stakeholders and engage with them through a variety of channels (including *via* the Company's corporate website) in order to determine the ESG issues that are important to them. The material ESG issues including the approach towards addressing the impacts and gaps identified are reviewed by Management and reported to the ARC and the Board for approval before they are published annually in the Company's Sustainability Report. Further information on the Company's approach to stakeholder engagement and its materiality assessment of the ESG issues can be found on pages 40 to 42 of the AR.

Corporate Values and Conduct of Business

The Board and Management are committed to conducting business with integrity and consistent with high standards of business ethics, and in compliance with all applicable laws and regulatory requirements. The Company has in place an Internal Code of Business and Ethical Conduct crystallising the Company's business principles and practices with respect to matters which may have ethical implications. The code provides a communicable and understandable framework for staff to observe the Company's principles such as honesty, integrity, responsibility and accountability at all levels of the organisation and in the conduct of the Company's business in their relationships with customers, suppliers and amongst employees, including situations where there are potential conflicts of interests.

Internal Code on Dealing in Securities

The Company has in place an internal code on securities trading which sets out the implications of insider trading and provides guidance and internal regulation with regard to dealings in the Company's securities by its Directors and officers. These guidelines prohibit all Directors and employees from dealing in the Company's securities (a) on short-term considerations; (b) while in possession of unpublished material price-sensitive information in relation to such securities; and (c) during the period commencing two weeks before the announcement of the Company's financial statements for each of the first three quarters of its financial year and one month before the date of announcement of the Company's full year financial statements (if the Company is required to announce its quarterly financial statements), and during the period commencing one month before the date of announcement of the Company's 1H and full year financial statements (if the Company is not required to announce its quarterly financial statements). The Directors and employees of the Company are notified in advance prior to the commencement of the "closed periods" relating to dealing in the Company's securities.

18 March 2022

Statement by the Board of Directors

Sustainability remains essential to our operations and being a valued and respected corporate citizen, we aim to ensure that our sustainability approach creates long-term value for our stakeholders. We systematically review our business practices to assess the impact of its activities upon our stakeholders and vice versa, the impact that any stakeholders' actions could have on the Group¹ in its ability to conduct its activities.

The Board sets the strategy and direction to manage the approach towards sustainability by upholding high standards of governance across our value chain, promoting ethical and responsible business practices, practising prudent financial management, maintaining high standards of health and safety, minimising environmental impact, improving efficient utilisation of resources, and engaging communities where we operate in.

In the past two years, the COVID-19 pandemic has continued to affect our business as a result of local movement restrictions and a decline in international travel. Despite the lower activity in our business, we saw our management team take the opportunity to focus on adding value to the guest experience. This includes the continuous upgrade of hotel facilities to address customer feedback. New initiatives were also developed to reduce our environmental impact such as to introduce the testing of electric bicycles for guest use as well as to support the communities around us through fund raising activities. These collaborative and innovative efforts have helped to raise the spirit and resolve of our hotel staff during these challenging times and we look forward to its further developments.

Additionally, we have made improvements to our sustainability framework as seen in this report. This included a clearer description of targets set as well as a review on the completeness of reporting under each material issue. We also expanded upon our non-material topics to include “Energy & Carbon Emissions”. Lastly, to better represent the performance of both material and non-material topics reported, data for the current year and previous two years was summarised in tables.

Setting the sustainability pathway requires the commitment, cooperation and continuous feedback of all key stakeholders. We are pleased to present our 2021 Sustainability Report and sincerely look forward to your continued support in our efforts towards enabling a more sustainable future for HLGE.

About This Report

This is our fifth sustainability report which has been prepared in accordance with the *Global Reporting Initiative (“GRI”) Standards: Core option*, and complies with the SGX requirements on sustainability reporting. The GRI standard was chosen as it is the most widely used reporting standard in the industry and it is relevant for our business.

Information contained in this report reflects the sustainability progress of the Group's principal business operation, Copthorne Hotel in Cameron Highlands, Malaysia (“the Hotel”), from 1 January 2021 to 31 December 2021, unless otherwise specified. We will continue to publish our progress on an annual basis.

¹ The reporting entity is HL Global Enterprises Limited (“HLGE”) and “the Group” refers to Copthorne Hotel in Cameron Highlands, Malaysia, which is the main business operation of the Group.

A historical comparison to the previous years has also been presented where information is available. There is no significant change to the organization's size, structure, ownership, or supply chain during the year.

We appreciate your feedback on this report as we continue our journey to improve our sustainability data collection systems, reporting and practices. All sustainability related queries can be sent to sustainability@hlge.com.sg.

Sustainability Framework and Governance

The Group has developed a framework to formalise the oversight procedures (Figure 1) to ensure reliability, adequacy and effectiveness of the internal controls and risk management processes over our sustainability practices and reporting standards. The Sustainability Committee has been established since 2017 to identify and manage material ESG issues, including the setting of targets and reporting as illustrated in Table 1.

Table 1: Targets for Material Sustainability Issues

Topics	Material Sustainability Issues	Targets Set
Our Business Environment	Enterprise Risk Management	Continuously / quarterly monitoring
	Regulatory & Environmental Compliance	Zero significant fines
	Ethical Conduct & Anti-Corruption	Zero incident
Understanding Our Guests' Needs	Guest Wellness & Safety	Zero fatality / serious injuries to Guest
	Service Quality and Guest Experience	Target set is 7.5
Looking After Our People & Community	Employee Health and Safety	Zero fatality / serious injuries to Employees
	Creating a Positive Working Environment	Workplace flexibility and employee recognition

SUSTAINABILITY REPORT

Figure 1: Sustainability Framework

The Sustainability Committee provides sustainability performance updates to the Audit and Risk Committee (“ARC”) on a half-yearly basis and makes recommendations to improve the sustainability of the business. The ARC evaluates and reviews the processes and performance annually and ensures that all requirements for sustainability compliance are met before reporting to the Board. The Board is assisted by the ARC in considering sustainability issues as part of its strategy formulation of the Group (Figure 2).

SUSTAINABILITY REPORT

Figure 2: Sustainability Governance Structure

The Group's Key Stakeholders and Materiality Assessment Process

Key Stakeholders

Business begins with value creation for its key stakeholders through the provision of products and/or services, supported by employees and suppliers of the business. Furthermore, the nature of our business activities may impact other key stakeholders that include nearby local communities which are managed in accordance with government regulations. Therefore, our key stakeholders are identified as shareholders, guests, employees, local communities, government agencies, and suppliers.

It is important to ensure we develop and maintain healthy relations with our key stakeholders so that the business can ensure active, continuous support in its efforts towards sustainable value creation.

Materiality Assessment

Following the guidance of GRI's stakeholder inclusiveness and materiality principles, the Group established a formal process to identify key stakeholders and their respective material issues (Figure 3).

Figure 3: Material Assessment Process

Based on a peer benchmarking exercise, followed by corroboration with the senior management, twenty-eight out of the exhaustive list of material issues were shortlisted as relevant to our industry and the Group. This list was presented to the senior management for our first materiality assessment conducted in April 2017 to determine the Group's material ESG issues, while also acting as proxies for the relevant key stakeholders. The result of this materiality assessment is presented in Table 2.

The Sustainability Committee reviewed the ESG issues this year and validated that the material issues identified and determined in 2017, remain unchanged for the current reporting period (Table 2). The Sustainability Report focuses on the management's approach towards addressing our material ESG issues within the boundaries of the key stakeholder impacts, including gaps identified and action plans to address them.

Table 2: Key stakeholders, their respective impacts, sustainability concerns and boundaries

Our Business Environment

Ethical Conduct and Anti-Corruption

Management Approach

The business operates with high ethical standards and has a zero-tolerance policy towards fraud, corruption, bribery and money laundering to ensure accountability towards our stakeholders. Our employees remain committed to adhere with our Code of Conduct ("COC"), and continue to maintain high levels of professionalism and ethical behaviour when conducting the Hotel's operations.

² Refer to the Corporate Governance Report in the Annual Report for further details on risk management and internal controls disclosed under Principle 9.

It is a requirement for our new employees to accept the COC as part of the on-boarding agreement as well as make annual declarations that they have complied with the COC during the year. This policy governs aspects including avoiding potential conflicts of interests, compliance with legal and regulatory provisions and ensuring a proper system of internal controls within the organisation. The employee can be terminated for any breaches or misconduct with the COC. The Human Resource (“HR”) Department manages and reviews the COC performance periodically, after which the Chief Financial Officer (“CFO”) will approve the updated COC.

The Procurement Department similarly manages a Code of Business Conduct (“COBC”) for all existing and potential suppliers. The employees, suppliers or any other persons can raise, in confidence, concerns about possible improprieties in matters relating to financial reporting, or other malpractices and misconduct according to the whistle-blowing policy³ overseen by the ARC.

Performance

We are pleased to announce there were no confirmed incidents of unethical business conduct involving our employees and business partners, and no legal cases have been brought against HLGE, the Hotel or any employees for any such incidents in 2021. There have also been no cases of legal actions for non-competitive behaviour, anti-trust and monopoly practices in 2021.

Table 3: Incidents of unethical business conduct involving our employees and business partners

	2019	2020	2021	Target
No. of incidents / cases	1*	0	0	Zero incidents

* Fraud case was detected in early Dec 2019 by Finance – a staff took advantage of staff benefit and restaurant billing for personal gain. The staff concerned was suspended and investigation was carried, however the staff resigned before the Domestic Inquiry procedure. The case was reported to police. The financial loss is about RM6,500, insurance claim had been submitted and subsequently approved by insurer.

We continue to emphasise the importance of our COBC developed for suppliers and contractors of the Hotel to uphold high standards of ethics and integrity across our value chain. We have progressively engaged with our suppliers and contractors and communicated with them on COBC compliance and any other applicable regulations when dealing with us. As of 31 December 2021, 122 active suppliers have formally acknowledged the COBC. The remaining suppliers did not acknowledge the COBC, as their purchase volume was minimal, and the transactions were on cash terms or on ad-hoc basis.

With the increased awareness of our ethical conduct requirements on our employees, suppliers and contractors, we target to maintain this standard of good governance practice at HLGE and continuously monitor on further gaps for improvement.

³ Refer to the Corporate Governance Report in the Annual Report for further details on Group’s whistle-blowing policy and procedures disclosed under Principle 10.

Enterprise Risk Management

Enterprise Risk Management is vital to the Group and it forms an integral part of the Hotel's operation. The operation's risk is regularly assessed to ensure business sustainability and align with the Group's objectives and strategies. The Board is responsible for its risk management and internal control systems to ensure effectiveness and integrity with the support of the Risk Management Committee. Details on risk management and internal controls are disclosed under Principle 9 of the Corporate Governance Report.

Regulatory and Environmental Compliance

Management Approach

Government and local authority regulatory compliance is crucial to maintain the Hotel's license to operate. The Heads of Departments ("HODs") are responsible to manage emerging requirements and the rules and regulations pertaining to their functions. They actively engage with the relevant government agencies, establish and execute procedures for compliance, coordinate periodic and ad-hoc regulator inspections, as well as provide updates to the CFO and Hotel's Management as and when there are significant regulatory changes. The authorities like The Fire and Rescue Department of Malaysia, commonly known as BOMBA and The Department of Occupational Safety and Health (DOSH) also conduct yearly inspections or audits on our hotel premises as part of regulatory/permit requirements. The main focus in 2021 has been on complying with the Standard Operating Procedures ("SOP") issued by the National Security Council (NSC) and Ministry of Health during the various phases of Movement Control Order ("MCO") and ensuring our operations are fully aligned to the current SOP with regards to temperature screening, social distancing, disinfection protocols (room, facilities etc.) and vaccination status of our staff and guests.

The COBC is the main policy to refer to in highlighting to business partners and vendors about the importance of regulations compliance while working together with us.

Performance

The Group did not incur any significant fines or sanctions during the reporting year regarding environmental, social or economic non-compliance. We continue to uphold such standards in our monitoring of compliance matters.

Understanding Our Guests' Needs

Service Quality and Guest Experience

Management Approach

The Hotel's business is committed to providing high quality services and amenities to ensure our guests enjoy their experience. The ability to provide quality services to meet our guests' demands and expectations requires a concerted effort across various departments. The HODs of our Front Office, Housekeeping and Food & Beverage ("F&B") departments are in-charge of ensuring our guests are well taken care of upon arrival until after their departure. HODs set the benchmarks together with the Hotel General Manager on delivering quality products and services to achieve high guest satisfaction levels.

The Hotel appreciates the feedback from our guests to acknowledge areas where they have performed well and to identify areas to improve upon. Guest feedback is collected via an online application – SANARP at any point during their stay well as from our staff who have direct interaction with the guests. This application is also used by guests to input requests for any services and in addition is being used by the maintenance department to speed up the response time. We also proactively review and assess guest comments posted online via the Online Travel Agent ("OTA") portals. The Hotel General Manager will lead daily morning briefings with the attendance of HODs to discuss a compiled list of guest's feedback. Thereafter, responses are gathered from the relevant departments and prompt action is taken to address each complaint as well as implement action plans to prevent a recurrence.

In recognition of service excellence displayed by employees, management practice is to share encouraging letters of commendation based on positive feedback received by guests. Staff who were given positive feedback by guests will also be given a commendation letter. Employee trainings are also regularly refreshed and processes reinforced to address any areas in need for improvement towards ensuring guest satisfaction targets.

The "Nature & Farmland" concept was created as a theme for the hotel for product differentiation from competitor hotels and to provide a unique and memorable guest experience. Under this concept, part of the landscape of the hotel are planted with vegetables which are grown "organic" without the use of pesticide. Guests who had purchased the "7 Wonders Copthorne - In Pursuit of Nature" package for a 3 days 2 nights stay are able to participate in a guided "farm walk" which is a 2.5km walk across the farmland located in the vicinity of the hotel at Kea Farm and also a tour to visit 5 of the 7 Wonders of Copthorne.

In addition, the in-house Gardening Task Force was formed where various activities conducted include weeding, pruning and planting to beautify, maintain and enhance greenery within hotel grounds to contribute towards the well-being of both staff and guests.

As part of our sustainability initiative towards reducing our carbon footprint, the hotel is currently testing electric bicycles for guests to use to visit the seven key places in Cameron Highlands, which are located within a radius of 6 km. Electric bicycles are also a good mobility alternative during the weekend in Cameron Highlands when traffic is high.

Performance

We are committed to provide quality services to our guests throughout their entire stay with us. The most common compliment from our guests is our hotel staff are friendly, polite and helpful. In referring to feedback obtained from OTA channels including TripAdvisor and Booking.com, the Hotel consistently scored good ratings on a monthly basis during the periods under review and achieved the internal benchmarks set for guest satisfaction. Other positive comments often include good location, great view and spacious room.

Table 5: Guest feedback and experience rating

Guest feedback / experience	2019	2020	2021	Target
Booking.com (max 10)	7.64	7.17	7.75	7.5
Agoda.com (max 10)	7.70	7.44	8.02	

We received constructive feedback with regards to hotel maintenance including some on our aging facilities. As a result of addressing these matters, we have started and completed our hotel improvement programme since 2019 which saw the upgrading of lift facilities, renovation of superior rooms and painting of exterior walls. Guest satisfaction target of more than 7.5 was achieved in 2021.

Guest Wellness and Safety

Management Approach

We proactively instil a strong safety culture in our Hotel to ensure the well-being and safety of our guests, employees and visitors. Our security team under the Safety & Security ("SS") Department, works around the clock to ensure the highest standard of safety and security measures are implemented on hotel premises. These include daily routine as well as unscheduled security patrols in which anything that appears suspicious is reported to the SS Manager who then decides if the matter requires immediate escalation to the Manager on duty ("Duty Manager"). Non-urgent matters are always reported to the Management team at the daily morning briefings.

The Duty Manager conducts daily inspections to ensure the facilities around the Hotel are functioning properly, as well as spot checks on guest rooms randomly to determine everything is in working order. Any issues regarding the Hotel's facilities are attended to by the Engineering Department.

The SS Department is also responsible for ensuring compliance with local rules and regulations and identification of health and safety risks in order to implement the corresponding mitigating actions. This encompasses educating our employees on health and safety by organising the necessary trainings. The SS Department coordinates the safety committee meetings led by the hotel's general manager and members consisting of HODs and a staff representative from each department to report on safety performance and discussion of any emerging safety issues.

The F&B Department is responsible to ensure the food and drinks served are fresh and presentable, and that any guest feedback is attended to immediately. They also ensure the right amount of supplies are ordered according to the projected number of guests. This planning allows guests to be well taken care of as well as to avoid food wastage.

The Hotel embarked on a vegetable planting project during the various MCOs. This has since blossomed into a “Farm to Table” concept where guests can harvest the organically grown herbs and vegetables on their own and have the Chef cook them to their taste. A rain water harvesting system was also implemented to water the herbs and vegetables with natural rain water.

Performance

We are pleased to report that we have zero fatalities / serious injuries recorded for the year 2021 in receiving all hotel guests and visitors. There is no non-compliance with regulations or voluntary codes concerning any health and safety concerns related to products and services provided during the reporting period in 2021. Our team is committed to ensure that we are compliant with all SS requirements.

Looking After Our People & Community

Creating a Positive Working Environment

Management Approach

We aim to provide equal opportunities to our employees in the workplace as well as promote business innovation to accommodate evolving employment market needs. We believe employee satisfaction and workforce diversity are significant drivers in achieving this goal, which requires formal policies and common practices in motivating our employees. We are committed to building a workplace that nurtures inclusion, equality and respect for all throughout the organisation.

Formal procedures to recognise workforce diversity include the requirement of all employees to agree and comply with the COC as part of the on-boarding process. The HR Department also works closely with the senior management team to create a positive working environment for our employees.

In ensuring skills development, training programmes are essential to enhance employees' knowledge and skills at each level as well as build a pool of talent who can develop into management roles as part of the business's succession plan. This process also contributes to the long-term growth of our business. Training for employees and trainees is identified based on observations by HODs and hotel guests' feedback. Employees are also welcome to suggest to their supervisors on training programmes which they find helpful in their work. Trainings are largely conducted onsite by HODs with the relevant expertise or external consultants.

Common practices to motivate staff are the “Employee of the Month” and “STAR” employee recognitions in which an employee from each department is awarded every month and every year, respectively. To further promote a safe environment, employees are encouraged to voice any concerns and feedback in a timely manner to Management, either directly or through their supervisors and/or HODs, during annual appraisals, or anonymously through the “Staff Suggestion Box”. For more serious grievances, our employees are reminded to use the whistle-blowing channel.

Decisions made on individual salary adjustments, promotions or career development paths are largely determined based on the annual appraisals for all employees. Often in such considerations, HR and senior management also takes into account the merits, competency, experience and other relevant qualities of each employee. Temporary employees, mainly students from hospitality education institutions around Malaysia, are hired during peak holiday seasons. Their performance is evaluated at the end of their internship which typically lasts between 3 to 6 months.

In terms of community related activities, we successfully organised a corporate social responsibility programme called “Copthorne 126 Drive Through Car Wash” from February to April 2021. For every vehicle washed, RM 1 was donated to the Cleft Lip and Palate Association Malaysia. Thanks to our guests and local community support, a total of RM 3,421 was successfully collected and donated.

On 25th February 2021, the team at Copthorne Hotel Cameron Highlands made a courtesy call to the frontliners at Hospital Sultanah Hajjah Kalsom in Tanah Rata and handed over 200 sets of face shields as a gesture of appreciation to the front liners. Also, to support the launch of vaccination in Malaysia, a promotion titled “Lindung Diri, Lindung Semua” was launched where any individual who has been vaccinated will enjoy special rates for the newly renovated Superior Premium rooms at the Hotel.

On 24th and 26th July 2021, the Hotel served as a COVID-19 Vaccination Centre where a total of 2,478 doses of Pfizer vaccine were administered to residents from the neighbouring Tringkap, Kea Farm, Brinchang and Tanah Rata towns. Our staff provided secondary support during the two days, managing traffic flow, setting up and cleaning the vaccination area, and assisting people with enquiries.

Performance

In 2021, the Hotel employed 131 employees (Table 8), all of whom were working full-time with 83% on a permanent contract, while the remaining 17% were employees on employment contract for periods ranging between 3 to 6 months. Significant reductions were seen in temporary hiring and overall employee turnover rate compared to previous years due to Malaysia’s nationwide lockdown triggered by the COVID-19 pandemic.

There is no trade union and hence none of the employees are covered by any collective bargaining agreement.

We have organised more than 294 training sessions, equivalent to 1,451 hours throughout the year 2021. The training cover areas such as health and safety, service/product knowledge, housekeeping, security and process control improvements, as well as induction and orientation for all new employees.

SUSTAINABILITY REPORT

Training	2019	2020	2021
No. of Sessions	264	242	294
Total hours	2,654	3,508	1,451

The benefits of training include employee motivation, enhanced skills and knowledge as well as career development in order to ensure a smoother operation and sustainable business growth. In the coming year, we will continue to invest in the development of various skillsets of our staff by providing the relevant professional trainings. We endeavour to provide our employees with adequate and relevant training as well as remain open to other areas of training which our staff may propose to their supervisors.

Employee Health and Safety

Management Approach

In order to safeguard our employee's health and safety, the SS Department is responsible for risk identification, implementation of mitigation procedures and training of employees. During orientation sessions in the first week of joining, new employees are provided introductions to such practices which includes highlighting important safety aspects of the various work stations across the hotel. The SS Department also conducts periodical trainings and refresher sessions on health and safety using manuals and work instructions.

⁴ The rates of new employee hires and employee turnover are calculated using the total employee numbers at the end of the reporting period.

We have zero-tolerance towards accidents and every incident, regardless of whether anyone was injured, or whether the party is an employee, contractor, visitor or guest. Any accident/incident will be reported to the SS Manager for further investigation to determine the root cause analysis. The report is then submitted to the Hotel General Manager and recommendation for corrective action will be brought up to the Safety Committee for implementation.

Employees involved in maintenance works must strictly adhere to SS procedures and they are provided Personal Protective Equipment (“PPE”) as basic personal protection. Any employee found not wearing the appropriate PPE when performing tasks in specific areas is first given a warning. Repeat offenders face disciplinary actions that may include termination of employment.

Performance

We are pleased to announce that we have zero fatalities / serious work-related injuries recorded for the year 2021 amongst our employees or contractors. There were two minor incidents involving our employees which involved a hand injury in the kitchen and a 0.5m height fall at the driveway during the CSR Car Wash event. Both were given medical leave to recover, and both recovered fully.

Table 9: Number of fatalities/serious injuries/reportable incidents/minor injuries (Employees/contractors)

	2019	2020	2021	Target

Minor injuries	0	1*	2	-

* In 2020 Annual Report, it was reported there were zero work related injuries for year 2020. After an internal review of the data / information, this has been revised to 1.

Under the Systematic Occupational Health Enhancement Level Program (SoHelp) which was implemented in 2019, physical evaluations and trainings were conducted, and we put in place best practices for our employees in the areas of ergonomic requirements, management of harmful chemicals and noise-related health issues.

Health and safety remain a key focus area for the Hotel. We are committed to providing a safe environment and healthy workplace for our employees and continue in our efforts to increase awareness on the importance of our practices through training and regular communication to employees and contractors.

Other non-material issues

Engaging Our Suppliers and Contractors

Management Approach

The Hotel's supplies and services are mostly sourced from areas of close distance to the Hotel such as Cameron Highlands and Ipoh. The purchase of supplies mainly consists of amenities that are replenished on a daily basis in our F&B outlets, hotel building maintenance and housekeeping service. The Hotel always ensure effective communication and coordination with our suppliers and contractors in order to minimise disruptions in the purchase of such amenities and enable our Hotel to operate smoothly.

To ensure and maintain high standards of service for our guests, we evaluate our vendors on a quarterly basis whereby the end-user departments, receiving department and procurement department will provide their respective ratings for the relevant suppliers based on the quality, timeliness of delivery and cost of the product or services. The selection of vendors for evaluation is based on the value of supplies in the preceding quarter and feedback from the aforementioned departments. Vendors with poor ratings will be issued with either a verbal warning on the areas to improve upon, or a written termination letter if no corrective actions were taken.

The COBC is the formal policy put in place to ensure vendors operate in an ethical manner and comply with local laws and regulations.

Performance

Most vendors achieved good ratings in our quarterly evaluations and there were no vendors that required close monitoring for year 2021. Notwithstanding, we will continue to engage with our vendors regularly on areas relating to quality of supplies and services, as well as commitment to health and safety.

Table 10: Number of suppliers/vendors evaluated

	2019	2020	2021
No. of suppliers/vendors evaluated	69	129	142

We are committed to establish mutually beneficial long-term relationships with our suppliers, contractors and business partners along our supply chain. This commitment helps minimize disruption to the Hotel's operations in order to reduce operational risk and costs as well as strengthen our business positioning.

We uphold responsible sourcing principles in our procurement practices to prevent and minimise the impact of our operations on the environment. Our success stories include the prohibition of serving shark fin in all our Hotel's outlets, using toilet rolls made from recycled or eco-friendly materials, reducing the use of disposable plastic shampoo and shower gel bottles, refilling cartridges for liquid dispenser units with biodegradable material, paraben-free body care products and sourcing of IT equipment with certain eco certifications or labelling.

Energy and Carbon Emissions

Management Approach

The hotel had set-up two “Rainwater Harvest System” that are able to collect and store up to a combined total of 720 gallons of water which are used to water plants and vegetables grown in the compound of the hotel.

Currently we are tracking our energy consumption and carbon footprint (Scope 1 & 2) across the hotel operations. Scope 1 emissions are direct emissions from owned or controlled sources. Scope 2 emissions are indirect emissions from the generation of purchased energy. Our main source of energy consumption is related to electricity for our hotel operations, diesel for the boiler operations and liquefied petroleum gas (LPG) for the kitchen operations. Almost 72% of the energy consumption in 2021 is for electricity while the remaining 28% is for diesel and LPG. With regards to greenhouse gas (GHG) Emission in 2021, Scope I emission from LPG and diesel accounts for 12% while Scope II repurchased electricity accounts for the remaining 88%

Performance

We are pleased to report our energy consumption and carbon emission including their respective intensities for 2021 and from 2018 to 2020. Overall, we are seeing a decreasing trend however this is mainly due to impact of COVID-19 on the hospitality industry where the various movement controls and lockdowns in 2020 and 2021 impacted guest arrivals and hotel operations. In view of this, more representative data / information will have to be obtained in the coming years.

Table 11: Energy consumption and carbon emission

Energy Consumption (By Source)	Unit Measurement	2018	2019	2020	2021
Total Energy Consumption	TJ	13.10	12.47	9.70	5.08

Moving Forward

We started our sustainability reporting journey since 2017, we have since enhanced sustainability awareness within the Group and with our other stakeholders. Sustainability performance reviews have been helpful for us to identify the gaps and continuously improve to help enable our business achieve sustainable development.

We are committed to mainstream sustainability throughout our business and operation. We endeavour to continuously excel in our sustainability reporting to track the sustainable growth of our business, and improve our processes by setting targets and achieving them.

DIRECTORS' STATEMENT

The Directors present their statement to the members of HL Global Enterprises Limited (the "Company") together with the audited consolidated financial statements of the Company and its subsidiaries (the "Group") and the balance sheet and statement of changes in equity of the Company for the financial year ended 31 December 2021.

In our opinion:

- (i) the consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2021 and the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the year ended on that date in accordance with the provisions of the Singapore Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International); and
- (ii) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

Directors

The Directors of the Company in office at the date of this statement are as follows:

Dato' Gan Khai Choon
Hoh Weng Ming
Andrew Goh Kia Teck
Goh Kian Chee
Chew Heng Ching (appointed on 1 November 2021)

Directors' interests

No Director who held office at the end of the financial year had interests in shares, share options, warrants and/or debentures of the Company, or of its related corporations, either at the beginning of the financial year, or date of appointment if later, or at the end of the financial year.

Neither at the end of nor at any time during the financial year was the Company a party to any arrangements whose objects are, or one of whose objects is, to enable the Directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Share options

(a) *HL Global Enterprises Share Option Scheme 2006 (the "Share Option Scheme")*

The Share Option Scheme was approved by the shareholders at the extraordinary general meeting of the Company held on 29 September 2006 for an initial duration of 10 years (from 29 September 2006 to 28 September 2016). At the annual general meeting of the Company held on 29 April 2016, the shareholders approved the extension of the duration of the Share Option Scheme for a further period of 10 years from 29 September 2016 to 28 September 2026. Other than the extension of the duration of the Share Option Scheme, all other rules of the Share Option Scheme remain unchanged.

DIRECTORS' STATEMENT

Share options (continued)

(a) *HL Global Enterprises Share Option Scheme 2006 (the "Share Option Scheme") (continued)*

The Share Option Scheme is administered by a committee (the "Share Option Scheme Committee") comprising the following members:

Andrew Goh Kia Teck (Chairman)
Goh Kian Chee
Chew Heng Ching (appointed on 1 January 2022)

Under the terms of the Share Option Scheme, the Share Option Scheme Committee may make offers of the grant of options to:

- (i) Group Employees and Parent Group Employees (both as defined in the Share Option Scheme) which may be exercisable during an option exercise period commencing from the date that the option vests and expiring on the day preceding the tenth anniversary of its date of grant; and
- (ii) Group Non-executive Directors, Parent Group Non-executive Directors, Associated Company Employees and Associated Company Non-executive Directors (all as defined in the Share Option Scheme) which may be exercisable during an option exercise period commencing from the date that the option vests and expiring on the day preceding the fifth anniversary of its date of grant.

The Share Option Scheme provides the Company with the flexibility of granting options to participants at Market Price (as defined in the Share Option Scheme) and/or with a discount (either up-front or a deferred discount) to the Market Price.

The aggregate number of ordinary shares in the capital of the Company ("Shares") over which options may be granted under the Share Option Scheme on any date, when added to the number of Shares issued and issuable in respect of all options granted under the Share Option Scheme shall not exceed 15% of the total number of issued Shares excluding treasury shares, if any, on the day preceding the relevant date of grant. The aggregate number of Shares which may be offered by way of grant of options to Parent Group Employees and Parent Group Non-executive Directors collectively under the Share Option Scheme shall not exceed 20% of the total number of Shares available under the Share Option Scheme.

No option has been granted by the Company since the commencement of the Share Option Scheme.

During the financial year, there were:

- (i) no options granted by the Company or its subsidiaries to any person to take up unissued shares of the Company or its subsidiaries; and
- (ii) no shares issued by virtue of any exercise of option to take up unissued shares of the Company or its subsidiaries.

As at the end of the financial year, there were no unissued shares of the Company or its subsidiaries under option.

Share options (continued)

(b) HL Global Enterprises Share Option Scheme 2006 Trust

HL Global Enterprises Share Option Scheme 2006 Trust (the “Trust”) was established pursuant to a trust deed dated 13 January 2012 entered into between the Company and Amicorp Trustees (Singapore) Limited as the trustee of the Trust (the “Trustee”) (the “Trust Deed”).

The Trustee had acquired 24,189,170 Series B redeemable convertible preference shares from Grace Star Services Ltd., a controlling shareholder of the Company and a wholly-owned subsidiary of China Yuchai International Limited, which is in turn a subsidiary of Hong Leong Asia Ltd. The said shares were converted into 24,189,170 new Shares in January 2012 and consolidated into 2,418,917 Shares (“Trust Shares”) following a share consolidation of every ten (10) issued Shares into one (1) consolidated Share, which became effective on 14 May 2015. Pursuant to the terms of the Trust Deed, the Trust Shares are held by the Trustee for the benefit of participants who are employees of the Company and/or its subsidiaries and who have been granted share options under the Share Option Scheme (excluding Directors of the Company and directors and employees of the Company’s parent company and its subsidiaries) (the “Beneficiaries”) and transfer such Trust Shares to the Beneficiaries upon the exercise of their share options under the Share Option Scheme.

The Trustee has the power to vote or abstain from voting at any general meeting of the Company in its absolute discretion in respect of the Trust Shares.

The Trust will terminate upon the full satisfaction of the outstanding options granted under the Share Option Scheme following the expiry or termination of the Share Option Scheme or if there are no Beneficiaries, upon the Company issuing a notice to the Trustee to terminate the Trust. Upon the termination of the Trust, the Trustee will sell all remaining Trust Shares then held by the Trustee (unless the Trustee is requested by the Company to transfer the remaining Trust Shares to a trustee for the purposes of the Company’s future or other employee share schemes), and deal with all funds and investments then held by the Trustee, in accordance with the instructions of the Company.

Audit and Risk Committee

The Audit and Risk Committee (the “ARC”) comprises three independent non-executive members of the Board of Directors:

Andrew Goh Kia Teck (Chairman)
Goh Kian Chee
Chew Heng Ching (appointed on 1 January 2022)

The ARC performed its functions in accordance with its terms of reference which include those specified in the Act, the Listing Manual of Singapore Exchange Securities Trading Limited (the “Listing Manual”) and the Code of Corporate Governance 2018.

In the performance of its functions, the ARC met with the Company’s internal and external auditors, and reviewed their audit plans as well as the scope and results of their examination and their evaluation of the Company’s system of internal controls.

DIRECTORS' STATEMENT

Audit and Risk Committee (continued)

The ARC also reviewed, *inter alia*, the following:

- assistance provided by the Company's officers to the internal and external auditors;
- half-yearly and annual financial statements of the Group and of the Company prior to their submission to the Directors of the Company for approval; and
- the nature and level of audit and non-audit fees of the external auditor.

The ARC has full access to management and is given the resources required by it to discharge its functions. It has full authority and the discretion to invite any Director or executive officer or third party advisor to attend its meetings.

The ARC is satisfied with the independence and objectivity of the external auditor and has recommended to the Directors that the auditor, Ernst & Young LLP, be nominated for re-appointment as auditor at the forthcoming annual general meeting of the Company.

In appointing the auditor for the Company and its subsidiaries, the Company has complied with Rules 712 and 715 (read with Rule 716) of the Listing Manual.

Auditor

Ernst & Young LLP have expressed their willingness to accept re-appointment as auditor of the Company.

INDEPENDENT AUDITOR'S REPORT

For the financial year ended 31 December 2021

Independent Auditor's Report to the Members of HL Global Enterprises Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of HL Global Enterprises Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 31 December 2021, the statements of changes in equity of the Group and the Company and the consolidated income statement, consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2021 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is the matter that, in our professional judgement, was of most significance in our audit of the financial statements of the current period. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. For this matter, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report, including in relation to this matter. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matter below, provide the basis for our audit opinion on the accompanying financial statements.

For the financial year ended 31 December 2021

Independent Auditor's Report to the Members of HL Global Enterprises Limited (continued)

Key Audit Matter (continued)

Recoverable amount of development property

As at 31 December 2021, the Group has development properties amounting to \$3,429,000 which comprised mainly a freehold land in Malaysia and certain development costs incurred to-date. These development properties are carried at lower of cost and net realisable values. We have identified the recoverable amount of the uncompleted development property in Malaysia with carrying amount of \$3,358,000, to be a key audit matter as the development is at its initial phase and work has been suspended since 1998. Thus, management is required to exercise judgement in estimating the net realisable value at the financial year end of 31 December 2021. In ascertaining the net realisable value, management took into consideration the development plan and carrying amount of this uncompleted development property as well as the valuation of the estimated market value performed by an external independent professional valuer. There was an increase in the level of estimation uncertainty and judgement required in determining the valuation of development property as at 31 December 2021 arising from the changes in market and economic conditions brought on by the COVID-19 pandemic.

Our audit procedures included, amongst others, discussion with management to understand their considerations and basis in assessing the recoverable amount of the uncompleted development property. In addition, we considered the objectivity, independence and expertise of the external valuer. We inquired the external valuer to obtain an understanding of their valuation methodologies. Our internal valuation specialist assisted us in evaluating the appropriateness of the property related data by comparing against available market data, taking into consideration comparability and market factors in the current environment.

We further assessed the adequacy of the Group's disclosures concerning this matter in notes 12 to the financial statements.

Other Information

Management is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT

For the financial year ended 31 December 2021

Independent Auditor's Report to the Members of HL Global Enterprises Limited (continued)

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

INDEPENDENT AUDITOR'S REPORT

For the financial year ended 31 December 2021

Independent Auditor's Report to the Members of HL Global Enterprises Limited (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matter communicated with the directors, we determine the matter that was of most significance in the audit of the financial statements of the current period and is therefore the key audit matter. We describe this matter in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Chan Yew Kiang.

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (International) (“SFRS(I)”).

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollar (“SGD” or “\$”) and all values are rounded to the nearest thousand (“\$’000”), except when otherwise indicated.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.2 Standards issued but not yet effective

The Group has not adopted the following standards that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
Amendment to SFRS(I) 16: <i>Covid-19-Related Rent Concessions beyond 30 June 2021</i>	1 April 2021
Amendments to SFRS(I) 1-16: <i>Property, Plant and Equipment - Proceeds before Intended Use</i>	1 January 2022
Amendments to SFRS(I) 1-37: <i>Onerous Contracts – Cost of Fulfilling a Contract</i>	1 January 2022
Annual Improvements to SFRS(I)s 2018-2020	1 January 2022
Amendments to SFRS(I) 1-1: <i>Classification of Liabilities as Current or Non-current</i>	1 January 2023
Amendments to SFRS(I) 1-1 and SFRS(I) Practice Statement 2: <i>Disclosure of Accounting Policies</i>	1 January 2023
Amendments to SFRS(I) 1-8: <i>Definition of Accounting Estimates</i>	1 January 2023
Amendments to SFRS(I) 1-12: <i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction</i>	1 January 2023
Amendments to SFRS(I) 10 and SFRS(I) 1-28: <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	Date to be determined

The directors expect that the adoption of the standards above will have no material impact on the financial statements in the year of initial application.

2.3 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except that in the financial year, the Group has adopted all the new and revised standards that are effective for annual financial periods beginning on or after 1 January 2021.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.4 Basis of consolidation and business combinations

(a) *Basis of consolidation*

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- de-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- de-recognises the carrying amount of any non-controlling interest;
- de-recognises the cumulative translation differences recorded in equity;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss; and
- reclassifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

(b) *Business combinations and goodwill*

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.4 Basis of consolidation and business combinations (continued)

(b) *Business combinations and goodwill (continued)*

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is an asset or liability will be recognised either in profit or loss.

In business combinations achieved in stages, previously held equity interests in the acquiree are re-measured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

The Group elects for each individual business combination, whether non-controlling interest in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another SFRS(I).

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

2.5 Foreign currency

The financial statements are presented in SGD, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

(a) *Transactions and balances*

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.5 Foreign currency (continued)

(b) *Consolidated financial statements*

For consolidation purpose, the assets and liabilities of foreign operations are translated into SGD at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the average exchange rates for the reporting period. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

In the case of a partial disposal without loss of control of a subsidiary that includes a foreign operation, the proportionate share of the cumulative amount of the exchange differences are re-attributed to non-controlling interest and are not recognised in profit or loss. For partial disposals of associates or jointly controlled entities that are foreign operations, the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

Exchange differences arising on monetary items that form part of the Group's net investment in foreign operations are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

2.6 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment other than freehold land are measured at cost less accumulated depreciation and any accumulated impairment losses.

The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the item can be measured reliably. When significant parts of property, plant and equipment are required to be replaced in intervals, the Group recognises such parts as individual assets with specific useful lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the property, plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Freehold land has an unlimited useful life and therefore is not depreciated.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.6 Property, plant and equipment (continued)

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

	<u>Useful lives</u>
Buildings and improvements on freehold land	- 50 years
Leasehold land, buildings and improvements	- 50 years or period of lease, whichever is shorter
Plant and machinery	- 3 to 20 years
Furniture, fittings and office equipment	- 3 to 20 years
Motor vehicles	- 5 to 6 years

Assets under construction included in property, plant and equipment are not depreciated as these assets are not yet available for use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on de-recognition of the asset is included in profit or loss in the year the asset is de-recognised.

2.7 Investment property

Investment property is property owned by the Group that is held to earn rentals, rather than for use in the production or supply of goods or services, or for administrative purposes, or in the ordinary course of business.

Investment property is initially measured at cost, including transaction costs.

Subsequent to initial recognition, investment property is carried at cost less accumulated depreciation and accumulated impairment losses. Depreciation is calculated using straight-line method to allocate the depreciable amounts over the estimated useful lives of 29 years with effect from 1 January 2017. The residual values, useful lives and depreciation method of investment properties are reviewed, and adjusted as appropriate, at each balance sheet date.

Investment property is de-recognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss on the retirement or disposal of an investment property is recognised in profit or loss in the year of retirement or disposal.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.8 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations are recognised in profit or loss.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

2.9 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investment in subsidiaries are accounted for at cost less impairment losses.

2.10 Financial instruments

(a) *Financial assets*

Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. There is no financial asset designated upon initial recognition as financial asset at fair value through profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.10 Financial instruments (continued)

(a) *Financial assets (continued)*

Initial recognition and measurement (continued)

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

Subsequent measurement

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset.

Amortised cost

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are de-recognised or impaired, and through amortisation process.

De-recognition

A financial asset is de-recognised where the contractual right to receive cash flows from the asset has expired. On de-recognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

(b) *Financial liabilities*

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

There is no financial liability designated upon initial recognition as financial liability at fair value through profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.10 Financial instruments (continued)

(b) *Financial liabilities (continued)*

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised, and through the amortisation process.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

(c) *Offsetting of financial instruments*

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheets, when and only when, there is a currently enforceable legal right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

2.11 Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months ("12-month ECL"). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default ("lifetime ECL").

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.11 Impairment of financial assets (continued)

The Group considers a financial asset in default when contractual payments are 120 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.12 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, and demand deposits that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

2.13 Development properties

Development properties are properties acquired or being constructed for sale in the ordinary course of business, rather than to be held for the Group's own use, rental or capital appreciation.

Development properties are held as inventories and are measured at the lower of cost and net realisable value.

Non-refundable commissions paid to sales or marketing agents on the sale of real estate units are expensed when incurred.

Costs to complete development include cost of land and other direct and related development expenditure, including borrowing costs incurred in developing the properties.

Net realisable value of development properties is the estimated selling price in the ordinary course of business, based on market prices at the reporting date and discounted for the time value of money if material, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.14 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined by using the weighted average cost formula and comprises the costs of purchase.

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.15 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.16 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the balance sheet and is amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalments.

Where loans or similar assistance are provided by governments or related institutions with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as additional government grant.

2.17 Share capital

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

2.18 Employee benefits

(a) *Defined contribution plans*

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations, including Singapore and Malaysia. In particular, the Singapore companies in the Group make contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

The employees of the entities within the Group which operate in Malaysia are required to participate in a central pension scheme operated by the local government. These entities are required to contribute a certain percentage of their payroll costs to the central pension scheme. The contributions are charged to the profit or loss as they become payable in accordance with the rules of the central pension scheme.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.18 Employee benefits (continued)

(b) *Employee leave entitlement*

Employee entitlements to annual leave are recognised as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly before twelve months after the end of the reporting period is recognised for services rendered by employees up to the end of the reporting period.

2.19 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(a) *Right-of-use assets*

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Office space	2 to 3 years
Warehouse	2 years
Apartments for staff accommodation	2 to 3 years

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. The accounting policy for impairment of non-financial assets is set out in note 2.8.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.19 Leases (continued)

As lessee (continued)

(b) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

As lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. The accounting policy for rental income is set out in note 2.20(d). Contingent rents are recognised as revenue in the period in which they are earned.

2.20 Revenue

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.20 Revenue (continued)

The Group assesses its revenue arrangements to determine if it is acting as principal or agent. The following specific recognition criteria must also be met before revenue is recognised:

(a) *Rendering of services*

Revenue from rendering services relates to project management contracts, and hotel room and restaurant operations. Revenue is recognised over the period in which the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be performed. Revenue from restaurant operations is recognised at a point in time.

(b) *Sale of completed development properties*

Revenue is recognised when control over the property has been transferred to the customer, either over time or at a point in time, depending on the contractual terms and the practices in the legal jurisdictions.

For development properties whereby the Group is restricted contractually from directing the properties for another use as they are being developed and has an enforceable right to payment for performance completed to date, revenue is recognised over time, based on the construction and other costs incurred to date as a proportion of the estimated total construction and other costs to be incurred.

For development properties whereby the Group does not have an enforceable right to payment for performance completed to date, revenue is recognised when the customer obtains control of the asset.

(c) *Dividend income*

Dividend income is recognised when the Group's right to receive payment is established.

(d) *Rental income*

Rental income arising from operating leases on assets is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

(e) *Licence fee*

Licence fee charged for the use of trademark granted by the agreement is recognised as revenue.

(f) *Interest income*

Interest income is recognised using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.21 Finance and borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.22 Taxes

(a) *Current income tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(b) *Deferred tax*

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, associate and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.22 Taxes (continued)

(b) *Deferred tax (continued)*

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, associate and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against income tax liabilities and the deferred taxes relate to the same taxation authority.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.22 Taxes (continued)

(c) *Sales tax*

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

2.23 Segment reporting

For management purposes, the Group is organised into operating segments based on their products and services which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Company who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in note 23, including the factors used to identify the reportable segments and the measurement basis of segment information.

2.24 Consolidation of special purpose entity and treasury shares

To facilitate the implementation of the Share Option Scheme, the Company had, on 13 January 2012, established a trust known as the HL Global Enterprises Share Option Scheme 2006 Trust (the "Trust") with Amicorp Trustees (Singapore) Limited as the trustee of the Trust (the "Trustee") pursuant to a trust deed dated 13 January 2012 entered into between the Company and the Trustee (the "Trust Deed").

In connection with the establishment of the Trust, Grace Star Services Ltd. ("Grace Star"), a controlling shareholder of the Company and a wholly-owned subsidiary of China Yuchai International Limited, which is in turn a subsidiary of Hong Leong Asia Ltd., had, on 13 January 2012, transferred 24,189,170 Series B redeemable convertible preference shares ("Series B RCPS"), representing 100% of the remaining unconverted Series B RCPS, to the Trustee for a nominal consideration of \$1.00 for the purpose of the Trust. The difference between the carrying amount of the Series B RCPS and the consideration paid is recognised as "Equity capital contributed by parent" within the equity.

Pursuant to the terms of the Trust Deed, the Trustee will, *inter alia*, acquire and hold existing shares in the capital of the Company (collectively, the "Trust Shares") for the benefit of participants who are employees of the Company and/or its subsidiaries and who have been granted share options under the Share Option Scheme (excluding directors of the Company and directors and employees of the Company's parent company and its subsidiaries) (the "Beneficiaries") and transfer such Trust Shares to the Beneficiaries upon the exercise of their share options under the Share Option Scheme.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.24 Consolidation of special purpose entity and treasury shares (continued)

The Company will be entitled, from time to time, during the period commencing from the date of the Trust Deed and ending upon the termination of the Trust, to appoint a new trustee in substitution of the existing Trustee. The Company is entitled to the benefit of any remaining funds, investments or assets which are placed under the control of the Trustee upon termination of the Trust. Based on the foregoing provisions, the Company therefore consolidates the Trust as part of the Company in its separate and consolidated financial statements. The Trust Shares are accounted for as treasury shares as they are issued by the Company and held by the Trust, which is considered as part of the Company. However, the Trust Shares are not regarded as treasury shares pursuant to the Singapore Companies Act 1967 and the Trustee has the power, *inter alia*, to vote or abstain from voting in respect of the Trust Shares at any general meeting of the Company in its absolute discretion and to waive its right to receive dividends in respect of the Trust Shares as it deems fit.

The Group's own equity instruments, which are reacquired ("treasury shares") are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount of treasury shares and the consideration received, if reissued, is recognised directly in equity.

2.25 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the balance sheet of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

Kea Farm, Brinchang, Cameron Highlands, Pahang Malaysia	Entertainment complex	Shops	Freehold	5,643	6,375	Augustland Sdn. Bhd.

The Group has no restrictions on the realisability of its investment property. The Group is in the process of carrying out major refurbishment of the entertainment complex for conversion into additional hotel and function rooms. The relevant documents for the said conversion had been submitted to the Planning Department for their review, comments and approval.

Fair value of investment property

As at 31 December 2021, the fair value of the investment property has been determined to be \$2,397,600 (2020: \$2,434,600).

The Group engaged an independent professional qualified valuer to determine the fair value of investment property at the end of each financial year.

The fair value of investment property is determined by the market comparison and cost methods. In valuing the investment property, due consideration is given to factors such as location and size of building, building infrastructure, market knowledge and historical comparable transactions to arrive at their opinion of value.

9. LEASES

As lessee

The Group has lease contracts for various office space, warehouse and staff accommodation used in its operations. Leases of office space, warehouse and staff accommodation generally have lease terms between 2 to 3 years. The Group's obligations under its leases are secured by the lessor's title to the leased assets.

The Group also has certain leases with lease terms of 12 months. The Group applies the 'short-term lease' recognition exemptions for these leases.

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the financial year:

Unrecognised deferred tax assets

At the end of the financial year, deferred tax assets relating to the following temporary differences have not been recognised:

	Group	
	2021 \$'000	2020 \$'000
Unutilised capital and investment tax allowances	21,953	21,577
Unutilised tax losses	60,753	61,085
	82,706	82,662

The use of the unutilised tax losses and unutilised capital and investment tax allowances is subject to agreement by the tax authorities and compliance with certain provisions of the tax regulations in the respective countries in which the tax losses and capital and investment tax allowances arose. The above temporary differences are available for offset against future taxable profits of the companies in which the temporary differences arose and expire under current tax legislation. As at 31 December 2021, the temporary differences arising from subsidiaries in Singapore and Malaysia amounted to \$49,233,000 (2020: \$49,156,000) and \$33,473,000 (2020: \$33,506,000) respectively. In Malaysia, the carry forward period for tax losses has been revised to 10 years, with effect from year of assessment 2019 and unutilised losses from year of assessment 2018 can be carried forward until 2028. Deferred tax assets are not recognised in respect of the above items in accordance with the Group's accounting policy as set out in note 2.22 due to uncertainty of its recoverability.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

10. DEFERRED TAX (continued)

Unrecognised deferred tax liability

In 2021 and 2020, there was no recognised deferred tax liability for tax that would be payable on the remittance of the earnings of the joint ventures. The Group has determined that undistributed earnings of its joint ventures will not be distributed in the foreseeable future as the remittance of earnings of the Group's joint ventures require consensus from the respective joint venture partners.

Source of estimation uncertainty

Uncertainties exist with respect to the interpretation of complex tax regulations and the amount and timing of future taxable income. Given the complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax provisions already recorded. The Group establishes provisions, based on reasonable estimates, for possible consequences of audits by the tax authorities of the respective countries in which it operates. The amount of such provision is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the relevant tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective Group company's domicile. If the Group was able to recognise all unrecognised deferred tax assets, profit would increase by \$16,404,000 (2020: \$16,369,000).

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

12. DEVELOPMENT PROPERTIES (continued)

Source of estimation uncertainty

The Group estimates the net realisable values of the development properties by taking into consideration the development plans, recoverable amounts of these development properties as well as valuation of the estimated market value of the uncompleted development property in Melaka, Malaysia performed by an external independent professional valuer. As the estimated net realisable value is higher than the carrying amount of the said uncompleted development property, there is no provision for impairment required on this property which the work on the development has been suspended since 1998.

* The ordinary shares issued includes 2,418,917 ordinary shares held as Trust Shares by Amicorp Trustees (Singapore) Limited as trustee of the Trust established by the Company to facilitate the implementation of the HL Global Enterprises Share Option Scheme 2006.

Ordinary shares

The holders of ordinary shares are entitled to receive dividends as and when declared by the Company and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets. The ordinary shares have no par value.

Equity capital contributed by parent

In connection with the establishment of the Trust, Grace Star, a controlling shareholder of the Company and a wholly-owned subsidiary of China Yuchai International Limited, which is in turn a subsidiary of Hong Leong Asia Ltd., had, on 13 January 2012, transferred 24,189,170 Series B RCPS, representing 100% of the remaining unconverted Series B RCPS, to the Trustee for a nominal consideration of \$1.00 for the purpose of the Trust.

Pursuant to the Articles of Association of the Company, the 24,189,170 Series B RCPS held by the Trustee were mandatorily converted into 24,189,170 new ordinary shares in the capital of the Company on 16 January 2012, and the new ordinary shares which rank pari passu in all respects with the existing ordinary shares, were held by the Trustee as Trust Shares under the Trust. After the Share Consolidation on 14 May 2015, the number of trust shares was reduced to 2,418,917 trust shares.

As disclosed in note 2.24, the Trust Shares are accounted for as treasury shares as they are issued by the Company and held by the Trust, which is considered as part of the Company. The difference between the carrying amount of the Series B RCPS and the consideration paid is recognised as "Equity capital contributed by parent" within the equity.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

14. SHARE CAPITAL (continued)

Capital management

The Group defines “capital” to include funds raised through the issue of ordinary shares, as well as proceeds raised from debt facilities.

The Group’s primary objective in capital management is to maintain an appropriate capital base so as to maintain investor, creditor and market confidence, and to continue to maintain the future development and growth of the business. To maintain or adjust the capital structure, the Group may issue new shares.

There were no changes in the Group’s approach to capital management during the financial year.

Share option

The Company has adopted a share option for granting of options to eligible directors and employees of the Group, holding companies and associated companies.

The Share Option Scheme was approved by the shareholders at the extraordinary general meeting of the Company held on 29 September 2006 for an initial duration of 10 years (from 29 September 2006 to 28 September 2016). At the annual general meeting of the Company held on 29 April 2016, the shareholders approved the extension of the duration of the Share Option Scheme for a further period of 10 years from 29 September 2016 to 28 September 2026. Other than the extension of the duration of the Share Option Scheme, all other rules of the Share Option Scheme remain unchanged.

The Share Option Scheme is administered by a committee (the “Share Option Scheme Committee”) comprising the following members:

Andrew Goh Kia Teck (Chairman)
Goh Kian Chee
Chew Heng Ching (appointed on 1 January 2022)

Under the terms of the Share Option Scheme, the Share Option Scheme Committee may make offers of the grant of options to:

- (i) Group Employees and Parent Group Employees (both as defined in the Share Option Scheme) which may be exercisable during an option exercise period commencing from the date that the option vests and expiring on the day preceding the tenth anniversary of its date of grant; and
- (ii) Group Non-executive Directors, Parent Group Non-executive Directors, Associated Company Employees and Associated Company Non-executive Directors (all as defined in the Share Option Scheme) which may be exercisable during an option exercise period commencing from the date that the option vests and expiring on the day preceding the fifth anniversary of its date of grant.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

14. SHARE CAPITAL (continued)

Share option (continued)

The Share Option Scheme provides the Company with the flexibility of granting options to participants at Market Price (as defined in the Share Option Scheme) and/or with a discount (either up-front or a deferred discount) to the Market Price.

The aggregate number of ordinary shares in the capital of the Company ("Shares") over which options may be granted under the Share Option Scheme on any date, when added to the number of Shares issued and issuable in respect of all options granted under the Share Option Scheme shall not exceed 15% of the total number of issued Shares, excluding treasury shares, if any, on the day preceding the relevant date of grant. The aggregate number of Shares which may be offered by way of grant of options to Parent Group Employees and Parent Group Non-executive Directors collectively under the Share Option Scheme shall not exceed 20% of the total number of Shares available under the Share Option Scheme.

No option has been granted by the Company since the commencement of the Share Option Scheme.

Special reserve

At an Extraordinary General Meeting of the Company on 10 September 1990, the shareholders approved a special resolution to cancel \$12,471,000 of the sum standing to the credit of the Company's share premium account. This was approved by the Court on 12 October 1990. The amount of share premium cancelled was transferred to a special reserve account.

Premium paid on acquisition of non-controlling interests

The premium paid on acquisition of non-controlling interests represents difference between the consideration and the carrying value of the additional equity interest in a subsidiary acquired from its non-controlling interests.

NOTES TO THE FINANCIAL STATEMENTS

23. SEGMENT INFORMATION

The Group has three reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different services, and are managed separately because they require different operating and marketing strategies, and are subject to different risks and rewards. For each of the strategic business units, the Board of Directors review internal management reports at least on a quarterly basis.

The following summary describes the operations in each of the Group's reportable segments:

Investments and others	:	Investment holding and others
Hospitality and restaurant	:	Operating and management of hotels and restaurants
Property development	:	Development of properties for sale and rental and property and development project management

Except as indicated above, no operating segments have been aggregated to form the above reportable operating segments.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment results before other income (including interest income), interest expense, share of results of associate and joint ventures and income tax, as included in the internal management reports that are reviewed by the Board of Directors. Segment results are used to measure performance as management believes that such information is the most relevant in evaluating the results of each segment.

Transfer prices between operating segment are determined on an arm's length basis in a manner similar to transactions with third parties.

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group and the Company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and foreign currency risk. The Group's and the Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Group and the Company.

Risk management is carried out by the management under policies approved by the Board of Directors. The Board of Directors provides guidance for overall risk management, as well as policies covering specific areas, such as foreign currency risk, interest rate risk, credit risk and liquidity risk. There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risks.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Foreign currency risk

The Group is exposed to foreign currency risk arising from various currencies other than the respective functional currencies of the entities within the Group, primarily with respect to Chinese Renminbi and Malaysian Ringgit.

The Group has a number of investments in foreign subsidiaries and joint ventures, whose net assets are exposed to currency translation risk. Currency exposure on the net assets of the Group's subsidiaries and joint ventures is managed primarily through borrowings denominated in the relevant foreign currencies.

The Group's and Company's exposures to the various currencies are as follows:

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Foreign currency risk (continued)

Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Group and Company's (loss)/profit before tax to a reasonably possible change in the respective functional currencies of the Group entities against the Singapore Dollar, Chinese Renminbi and Malaysian Ringgit exchange rates, with all other variables held constant.

A 10% (2020: 10%) strengthening of the functional currencies - Singapore Dollar and Malaysian Ringgit against the following currencies at the reporting date would decrease/(increase) the loss before tax (2020: increase/(decrease) the profit before tax) by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

Functional currencies	Impact against the following currencies			
	Group			Company
	Singapore Dollar \$'000	Chinese Renminbi \$'000	Malaysian Ringgit \$'000	
2021				
Singapore Dollar	-	44	(304)	44
Malaysian Ringgit	7	-	-	-
2020				
Singapore Dollar	-	44	(307)	44
Malaysian Ringgit	7	-	-	-

Judgements made in determination of functional currency

The Group measures foreign currency transactions in the respective functional currencies of the Company and its subsidiaries. In determining the functional currencies of the entities in the Group, judgement is required to determine the currency that mainly influences sales prices for goods and services and of the country whose competitive forces and regulations mainly determines the sales prices of its goods and services. The functional currencies of the entities in the Group are determined based on management's assessment of the economic environment in which the entities operate and the entities' process of determining sales prices.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates. The Group and the Company is not subject to any interest risk for the year under review.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposures to credit risk arises primarily from trade and other receivables (excluding deposits and tax recoverable). Credit risk arising from deposits has been assessed to be insignificant. For cash and bank balances, the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

At the end of the reporting period, the Group's and the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the balance sheets. The Group has policies in place to ensure that sales of products and services are made to customers with an appropriate credit history.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Group has determined the default event on a financial asset to be when the counterparty fails to make contractual payments, within 120 days when they fall due, which are derived based on the Group's historical information.

The Group considers available reasonable and supportive forward-looking information which includes the following indicators:

- Internal credit rating;
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligation; and
- Significant changes in the expected performance and behaviour of the debtor, including changes in the payment status of debtors in the group and changes in the operating results of the debtor.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 120 days past due in making contractual payment.

The Group determined that its financial assets are credit-impaired when:

- There are significant difficulties of the issuer or the debtor;
- A breach of contract, such as a default or past due event;
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation; and
- There is a disappearance of an active market for that financial asset because of financial difficulty.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2021

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Credit risk (continued)

The Group categorises a receivable for potential write-off when a debtor fails to make contractual payments more than 360 days past due. Financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in a repayment plan with the Group. Where receivables have been written off, the Group continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The following are credit risk management practices and quantitative and qualitative information about amount arising from expected credit losses for each class of financial assets.

Trade and other receivables (excluding deposits and tax recoverable)

The Group provides for lifetime expected credit losses for all trade and other receivables using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance to days past due by grouping of customers based on customer types. The expected credit losses also incorporate forward looking information such as forecast of economic conditions where the gross domestic product will deteriorate over the next year, leading to an increased number of defaults.

Information regarding the allowance for impairment of trade and other receivables as at 31 December 2021 is disclosed in note 8.

As at 31 December 2021 and 31 December 2020, there was no significant concentration of credit risk. Information regarding concentration of credit risk is disclosed in note 8.

Cash and bank balances

The Group considers that its cash and bank balances have low credit risk as they are placed with or entered into with reputable financial institutions with high credit ratings and no history of default.

Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. Prudent liquidity risk management implies maintaining sufficient cash and bank balances, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying businesses, the Group aims at maintaining flexibility in funding by keeping committed credit lines available.

25. FAIR VALUE OF ASSETS AND LIABILITIES

Fair value hierarchy

The Group classifies fair value measurement using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date;
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 – Unobservable inputs for the asset or liability.

There have been no transfers between Level 1 to Level 3 fair value measurements during the financial years ended 31 December 2021 and 2020.

The following table shows the information about fair value measurement using significant unobservable inputs (Level 3):

	Fair value \$'000	Valuation techniques	Unobservable input	Inter-relationship between key unobservable inputs and fair value measurement
Investment property (note 4):				
2021	2,398	Market comparison and cost method	Comparable price: \$35 to \$85 per square foot	The estimated fair value increases with higher comparable price
2020	2,435	Market comparison and cost method	Comparable price: \$35 to \$85 per square foot	The estimated fair value increases with higher comparable price

Assets and liabilities measured at fair value

The Group does not have any assets and liabilities that are measured in accordance with the fair value hierarchy listed above.

Key information on Mr Chew is found on pages 8, 9 and 141 to 148 of the Annual Report 2021.

NOTICE OF ANNUAL GENERAL MEETING

5. The Ordinary Resolution set out in item 5 of the Special Business above, if passed, will empower the Directors of the Company from the date of the Meeting until the next AGM (unless such authority is revoked or varied at a general meeting) to issue shares and/or make or grant Instruments that might require shares to be issued up to a number not exceeding 50% of the total number of issued shares, excluding treasury shares and subsidiary holdings, of the Company, of which up to 20% may be issued other than on a *pro rata* basis to shareholders. The aggregate number of shares which may be issued under this Ordinary Resolution will be calculated based on the total number of issued shares, excluding treasury shares and subsidiary holdings, of the Company at the time that this Ordinary Resolution is passed, after adjusting for new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this Ordinary Resolution is passed and any subsequent bonus issue, consolidation or subdivision of shares.
6. The Ordinary Resolution set out in item 6 of the Special Business above, if passed, will empower the Directors to offer and grant options in accordance with the SOS and to issue from time to time such number of shares of the Company pursuant to the exercise of such options under the SOS subject to such limits or sub-limits as prescribed in the SOS. (see note below on voting restrictions)

Voting restrictions pursuant to Rules 859 and 860 of the Listing Manual of SGX-ST:

Please note that if a shareholder is eligible to participate in the SOS (including a director and/or employee of the Company and its subsidiaries and its designated parent company, Hong Leong Investment Holdings Pte. Ltd. and its subsidiaries), he should abstain from voting at the Meeting in respect of the Ordinary Resolution set out in item 6 in relation to the SOS, and accordingly should not appoint the Chairman of the Meeting to vote on his behalf.

Meeting Notes:

1. The Meeting is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed copies of this Notice **will not be sent** to members, instead, this Notice will be made available to members by electronic means *via* publication on the Company's website at the URL <http://www.hlge.com.sg/index.php/investor-relations/agm>. This Notice will also be made available on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.
2. Alternative arrangements relating to the attendance at the Meeting *via* electronic means (including arrangements by which the Meeting can be electronically accessed *via* 'live' audio-visual webcast or 'live' audio-only stream), submission of questions to the Chairman of the Meeting in advance of the Meeting, addressing of substantial and relevant questions at the Meeting and voting by appointing the Chairman of the Meeting as proxy at the Meeting, are set out in the accompanying Company's announcement dated 6 April 2022. The announcement may be accessed at the Company's website at URL <http://www.hlge.com.sg/index.php/investor-relations/agm> and will also be made available on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.
3. **Due to the current COVID-19 situation in Singapore, a member will not be able to attend the Meeting in person. A member (whether individual or corporate) must appoint the Chairman of the Meeting as his/her/its proxy to attend, speak and vote on his/her/its behalf at the Meeting if such member wishes to exercise his/her/its voting rights at the Meeting.** The accompanying Proxy Form for the Meeting may be downloaded from the Company's website at the URL <http://www.hlge.com.sg/index.php/investor-relations/agm>, and also from the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.

Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to the voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.

CPF or SRS investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes by 5.00 p.m. on 19 April 2022.

4. The Chairman of the Meeting, as proxy, need not be a member of the Company.

NOTICE OF ANNUAL GENERAL MEETING
